DAY MORNING

[illegible]

# Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## BOY INJURED BY AUTOMOBILE.

Chicago Visitor Runs Machine Over Small Boy.

Power Claims Accident Could Not Be Avoided.

Popular Society Girl Weds to Avoid Ostentation.

ASADENA, April 5.—Harold Downer, 9-year-old son of E. W. Downer of Huntington drive, was severely injured, sustaining a broken arm and several bad bruises, late yesterday afternoon, by being run over by automobile at the corner of East Colorado street and Marengo avenue.

Young Downer had just alighted from a street car and started for the walk when a big seven-passenger automobile, belonging to J. R. Brown, a wealthy Chicago banker, came along East Colorado street. The boy, not seeing the auto until he had been backed down and he was under the wheels, which were being driven by a chauffeur with Mr. and Mrs. Brownman the tonneau. The automobile was quickly stopped and the lad picked up and taken to the Police Station. After a hasty examination, he was removed to his home.

Downer stated that the boy ran in front of the automobile without looking around to see whether he was in danger. The boy does not remember the accident.

LOVED TO SAN BERNARDINO. Miss Grace Vedder, daughter of Mr. and Mrs. Vedder, and Samuel Martin of Philadelphia, who are the bride's parents yesterday by having an automobile ride to San Bernardino, where they were married.

At a party given a few days ago by the bride's mother, the engagement of Miss Vedder and Samuel Martin of Philadelphia, was announced.

POLO TODAY. The first game of the four-day polo tournament between the two Pasadena teams will begin at Tournament park this afternoon. The first game will be played between Santa Barbara and Pasadena "B" team. Tomorrow "A" and "B" teams will meet.

While the Saturday game will be between the winners of the Wednesday and Thursday games, the prize will be awarded to the team winning the championship of the Pacific Coast and the other by Frank G. Hovey for the best California polo team.

Word was received last night from Santa Barbara that Dr. E. J. Boesche, captain of that team, received a severe injury yesterday morning while playing polo and will not be able to participate in the Pasadena tournament. Maj. Ross of Coronado will play with the Riverside team.

ELKS INSTALL OFFICERS. Pasadena Lodge B.P.O.E. No. 672 held an installation of officers last night. The ceremony was conducted by Dr. Charles Ward, Past District Deputy. The new officers are: C. A. Schallin, Exalted Ruler; H. M. Sears, Exalted Leading Knight; C. M. Sears, Exalted Loyal Knight; J. A. Ewing, Exalted Lecturing Knight; H. Grimshaw, Secretary; W. H. Magee, Treasurer; Grant Orth, Trustee for three years; W. E. Sanborn, Tilor.

THUM LEARNS GAME. Mayor-elect William Thum, who secured his title at the municipal election Monday, was at the Council chamber early yesterday morning to take his first lesson in law-making. He did not take any part because he will not take the oath of office until May 1, but simply went to look on.

He was invited to a seat beside Mayor Earley and was attentive during the thing which transpired during the short session. There were no exciting incidents and the new Mayor did not seem to be the least bit excited.

The proposed ordinance to prohibit smokers on the street cars, excepting the three rear seats was postponed for another week to give the City Attorney time to look up the ordinances of other cities on the same subject.

Belmont Perry was remunerated to the extent of \$100 for securing deeds to right of way for the East Side storm drain. He asked for \$200, which included car fare, but the Council thought the car fare matter should be put off because all the owners of properties live within walking distance.

BRIDGE MATTER WENT OVER. The San Rafael Heights people were expected to show up at the Council meeting yesterday morning with a guarantee of \$25,000 for building the Arroyo Seco bridge, but they failed and were given another week to get that amount together. The committee was present and stated that the people who had promised to subscribe had not signed up but would before another week. Mayor Earley stated that the bridge proposition would be held April 28.

A delegation from the Board of Trade was present at the future of the lot for the bond election was discussed. Mayor Earley stated that the ballot will probably carry several separate propositions. The bridge proposition will head the ticket and will be voted on separately. The Carmelita and Monk Hill matter will be voted separately. Monk Hill will cost \$45,000 and Carmelita about \$55,000. Another proposition to be presented will be for a bunch of lots on Kemington drive adjoining Carmelita and a strip of land adjoining Monk Hill. The options on these properties have not as yet been secured.

CALIFORNIA INDIANS DISCUSSED.

## UNIVERSITY OF SOUTHERN CALIFORNIA.

delivered the second of his series of lectures on the "History of California."

Like all students of history Prof. Hunt is partial to the original inhabitants of North America believing they have been badly used by the white race. He stated that the habits and customs of the California Indians which existed when they were first disturbed by the white people had not been well recorded because the white pioneers did not take pains to make friends with the Indians. He stated that on the best of authority there were at one time fully 400,000 Indians living in California, including a census of all the tribes; that there was a marked distinction between the Indians of Northern, Central and Southern California. Prof. Hunt also gave a graphic account of the building of the old Spanish Missions by the Franciscan Fathers headed by the President Father Serra.

BURROUGHS LEAVES TODAY. John Burroughs, the famous naturalist and writer, will leave Pasadena today, accompanied by Mrs. Burroughs. They will go direct to their summer home at West Park, New York. Mr. Burroughs celebrated his seventy-fourth birthday at the home of Mrs. J. L. Atkinson in Lamanda avenue last night and Mrs. Burroughs has spent the winter at Burroughs' home in Pasadena.

NEWS BRIEF NOTES.

The Pasadena Day Nursery has been incorporated and will begin work on new plans at once. The directors elected were Mrs. Clara A. Packard, Mary G. Burton, Anna M. Luckey, Emma L. MacCormick, Clara McAllister, Alice B. Crance, Anna H. Hoover, Adelaide J. McClintock, Martha Robinson, M. Mitchell, Harriet Stevenson, Louise M. Hugus, Armella C. Wiley, Frances E. Peacock.

The Board of Education made the record of the vote of the recent bond election and sent it to the County Superintendent of Schools.

At a meeting of the directors of the Shakespeare Club held yesterday the old debt was entirely liquidated and the paid notes burned with appropriate ceremony.

George W. Braden, who has for several years been the physical director of Occidental College, leaves today for Philadelphia, Pa., where he has accepted the position of physical instructor of the Philadelphia Young Men's Christian Association.

SOCIETY NOTES.

Mr. and Mrs. J. B. Coulton entertained at their home on New York street yesterday afternoon. The guests included a large number of Pasadena and Los Angeles society people.

Artists' materials at Wadsworth's. Hand-made leather bags, original designs. Wigwam, No. 61 N. Euclid. Shed water. Fouled silks. Shown at Bon Accord.

POMONA.

ANOTHER TICKET IN THE FIELD.

TO BE A FIGHT FOR NEWLY CREATED OFFICES.

Last Convention Was Held by Crowd Calling Themselves the "United Progressive Party"—Pastors of First Christian Church Resign Without Assigning Reasons.

POMONA, April 4.—The new Union Progressive party met last evening at Co-operative Hall, the meeting being called to order by E. E. Gillen. Candidates for all city offices were nominated for May 1, under the provisions of the new charter.

The nominations are Lee Matthews, Mayor; Messrs. W. T. Fleming, W. A. Vandergriff, F. E. Hansler and S. R. Boyd, Councilmen; J. F. Evans, J. H. McKim, B. H. Stevens, Mrs. C. F. Schwab, E. E. Gillen, members of Board of Education; T. R. Trotter, City Clerk; C. W. Guerin, City Attorney; Joseph Muller, City Treasurer, Tax Collector and Assessor; J. A. Gallup, Police Judge; W. A. Vandergriff, nominee for Councilman from the East Side; J. H. McKim and J. F. Evans, nominees for members of Board of Education; C. W. Guerin for City Attorney and Joseph Muller for City Assessor.

LIBRARY REPORT.

The report of the librarian, Miss Jacobus, showed a present registered membership of 740 and a total of 15,079 volumes in the institution at the present time. The home circulation of books for March was 5201, the largest for any month in the history of the library. The home circulation for the same month a year ago was 4691.

Rev. M. D. Clubb, pastor of the First Christian Church for several years, has tendered his resignation to his congregation to take effect at their pleasure. Mr. Clubb is considering no call to any other church and has no plans for the future. During his pastorate the local church membership has increased considerably and a fine new church building has been erected. The congregation has not yet taken no action on the resignation.

Much enthusiasm is being aroused here over the Booters' Club excursion on April 7, to Los Angeles and Long Beach, which is being promoted jointly by the local Board of Trade, Pomona Realty Board and Pomona Business Men's Association, and which will be taken in automobiles. All of the local merchants will be represented and there will be a large contingent of residents and Board of Trade members.

## SANTA MONICA BAY.

BISHOP CONATY TO BE HONORED.

BEACH FOLK WILL GIVE HIM A PUBLIC RECEPTION.

Judge George H. Hutton Will Deliver the Address of Welcome on Behalf of Residents—The Bishop Will Spend the Afternoon Visiting Catholic Institutions.

SANTA MONICA, April 4.—Bishop Conaty will spend Thursday at the beach and on that evening the citizens will tender to him a public reception at Columbia Hall. George H. Hutton will deliver the address of welcome on behalf of the residents.

The Bishop will spend the entire afternoon visiting the several Catholic institutions along the bay. At 1:45 he will speak before the Civil Engineers in the chapel at the Soldiers' Home. In Anna's chapel, Twenty-first and Colorado streets, he will speak at 2:30. The Academy of Holy Names he will visit at 3:15. He will confirm a class at St. Monica Catholic Church at 7:30 and at 8:30 will be publicly welcomed by the citizens.

WILL DRAW PLANS.

Allison and Allison of Los Angeles have been engaged by the High School Board of Education to draw the plans for the proposed Polytechnic High School, although no plans for the building have as yet been decided upon. The decision as to this will be reached just as soon as the funds are available from the sale of the \$200,000 bonds in the school trust.

LONG BEACH.

CAMPAIGN IS SCURRILOUS.

BAD FEELING EXISTS AMONG CANDIDATES FOR PLACE.

Effort to Unseat Earley From Board of Education Is Effectively Blocked by the Emphatic Opinion of District.

Fredericks—Los Angeles Concern Water Factory Site.

LONG BEACH, April 4.—Working in the dark the Executive Committee of both tickets to Council in the school fight are nevertheless making a strong effort to get out a full vote on Friday, and indications are that the vote will be the largest ever polled in the school district.

Representative men comprise both tickets, but the one advocating the election of Messrs. Buffum, Haskell and Wallace are handicapped by the libelous publication made by some of their friends against the other side. Messrs. Yeomans, Burbank and Kelum, the two first named being prominent and well known, are charged with all sorts of misconduct of the board during their term; charges which have so far been backed by no proof. An unsuccessful effort was made today to get Messrs. Buffum, Wallace and Haskell to withdraw, but while repudiating the statements of their friends and promising to issue a statement repudiating the libelous charges made they decline to cease their efforts to unseat the incumbents.

The effort to unseat Member Earley from the board on the ground that he was merely an appointee, until the present election received a quieting blow today when District Attorney Fredericks confirmed the opinion of a Deputy that E. Earley holds an office by virtue of his election to the board of a School Board is a municipal affair.

SITE FOR FACTORY.

The Los Angeles Rotary Motor Company were in consultation today with the Chamber of Commerce relative to a site for their factory, which makes a new rotary engine. They are seeking to purchase a site on reasonable terms and promise to have 200 men employed within two years. The new motor can be applied to any kind of power.

ROBBED BY FRIEND.

George Fussell of Los Angeles made the acquaintance of a man named Palmer, who conducted a shoe-shining establishment near the Grand Theater in the city and came to the beach for a few days before going North. This morning Fussell awoke to find all of his wearing apparel and jewelry missing, and also his new-found friend. He asks the police to assist in finding Palmer. Fussell is a non-unionist, and had taken a fancy to Palmer, who was a very good fellow, but was blacking shoes.

FIFTY NEGROES BAPTIZED.

Two carloads of negroes went through the city today enroute for Terminal Island, where a big baptizing was scheduled for fifty converts, the church a recent religious revival party attracted much attention by the singing of hymns as the train rolled into the station.

DETECTIVES DAN MOUNEY AND JAMES W. GRADY OF NEW ORLEANS arrived today to get John Paul Chatry, a striking shipwright, who is wanted in the southern city for the embezzlement of \$15 from the Metropolitan Insurance company, while Chatry was pointing with a few years ago. Chatry will probably waive extradition and accompany the officers back without trouble.

THE PERSONNEL of the cast that will appear in the High School senior class play, "The Road to Yesterday," was made public today, although all of the parts have not yet been assigned. Those who will be coached by Willis Marks of the Burbank Stock Company are: Misses Ruth Cronk, Mabel Scott, Ruth Craig, Mary Smith, Eugene Jones and George Tinkleshaugh, and Messrs. Wilmet Long, Ira Cate, Murray Hiatt, Glenn Hughes, Earl McDermott, Cleland Putnam, Fred Cranney and Wayne Bogart and Ellisworth Torrey.

WILL SUE CITY.

Residents of the northwestern section of the city, angered by the slowness of the city to make repairs and provide for future prevention of damage by the storm water, are planning to bring a suit against the city. The suit will probably involve several thousand dollars.

CHILD IS KILLED BY TRAIN.

Little One Strays on Track and Meets Instant Death—Parents Recently Arrived From Dakota.

POMONA, April 4.—[Exclusive Dispatch.] The little 5-year-old daughter of Mr. and Mrs. Lewis of Narod, west of here was killed by a train near the station this afternoon. The little one had strayed on the tracks.

Mr. and Mrs. Lewis came here a short time ago from Dakota, having formerly lived in Iowa. They now reside on their property at Narod.

## STORIES OF FAMOUS POEMS.

"OUT TO OLD AUNT MARY'S."

James Whitcomb Riley.

Wasn't it pleasant, O brother mine, In those old days of the lost sunshine, Of youth—when the Saturday's chores Went through the "Sunday's wood" in the kitchen too.

Out to old Aunt Mary's.

It all comes back so clear today! Though the balding years are gray, Out by the barn-lot and down the lane, We patter along in the dust again, As light as the tips of the drops of the rain.

Out to old Aunt Mary's.

We cross the pasture, and through the wood Where the old gray snag of the poplar stood, Where the hammering "red-heads" hopped away, And the buzzard raised in the open sky, And lolled and circled as we went by, Out to old Aunt Mary's.

And then in the dust of the road again; And the teams we met, and the countrymen, And the long highway with the shine-silver spread, As thick as butter on country bread, And our cares behind, and our hearts ahead, Out to old Aunt Mary's.

I see her now in the open-door Where the little gourd grew up the sides, and o'er The cupboard roof—And her face—oh, me!

Wasn't it good for a boy to see? And wasn't it good for a boy to be Out to old Aunt Mary's.

And O, my brother, so far away, This is to tell you she waits today To welcome us, Aunt Mary, tell The boys to come! And all is well! Out to old Aunt Mary's.

Among American poets James Whitcomb Riley is in many respects unique, and is undoubtedly one of the best beloved. There is a reason to be found for this in the simple subjects he has taken and the plain way in which he has treated them, so plain, and simple, and homely that they are easily within the grasp of the common people, but poetry that never fails in its appeal to the great mind, which is always sure to find in the simple subject even the most subtle and profound of meanings. Riley's poetry is old both in rhyme and orthography, but it nevertheless touches just the right chord in the heart of the people, and is admired by more people than any other of the poets of the present generation.

Frank L. Stanton, a contemporary singer, has eulogized Riley in verse that is simple and touching:—"The mockin' bird's air singin' Of a sweet old time in the blossoms For it's whirled in the blossoms That Riley's comin' long."

One of the best examples of Riley's poetry is his poem "Out to Old Aunt Mary's." It is child like in its simplicity, yet it is mature in the way it expresses sentiment. It lives and breathes the character of the common-folk of the Hoosier State, which has a prototype in the fastidious of any State.

Although it has been many years since Riley has lived and labored among that class of people which almost wholly give inspiration to his poetry, yet the larger surroundings of the great city life has never found the same interest for him as the places and persons of the old farm.

Long before Riley became famous as a poet and lecturer, he was a country lad, and about the country painting on fences, old buildings and wherever he could get permission, decorations to the ruralities as to where they lived and worked, for the least money in the nearby village. Finally Riley struck Kokomo, Ind. Here he had his first opportunity to dabble with type, and here first he saw the product of his brain transferred to ink and paper, which previously had been accepted only by fence-rails and paint. Most of the country boys of that time, but Riley was no other than a boy, and he transferred to ink and paper, which previously had been accepted only by fence-rails and paint. Most of the country boys of that time, but Riley was no other than a boy, and he transferred to ink and paper, which previously had been accepted only by fence-rails and paint.

Riley became acquainted with "Aunt Mary" as he did with every good old and young soul in that section. They knew him as "Jim," and he was just as welcome among them as any of their own "kith and kin." They knew "Jim," they appreciated his big soul, and they looked to his coming with great interest and his pointing with a few years ago. Chatry will probably waive extradition and accompany the officers back without trouble.

Any visitor to the home of "Old Aunt Mary's" today will find, although the good dame has long since been laid in the quiet little church yard near her home, all the atmosphere of pasture, woods, "gray snags," woodpeckers, buzzards and all just as Riley described them in his poem still a part of the drowsy, old Hoosier farm.

Of course time has made some changes in Riley's land. It could not be otherwise, for Kokomo has grown to a town of 18,000, and autos are speeded along the main highway. At Kokomo they make rubber trees and monster quantities of plate glass, and there are even two separate brass works, by which Riley's "red-heads" are replaced by the "gray snags," woodpeckers, and Messrs. Wilmet Long, Ira Cate, Murray Hiatt, Glenn Hughes, Earl McDermott, Cleland Putnam, Fred Cranney and Wayne Bogart and Ellisworth Torrey.

Residents of the northwestern section of the city, angered by the slowness of the city to make repairs and provide for future prevention of damage by the storm water, are planning to bring a suit against the city. The suit will probably involve several thousand dollars.

## PORTRAITS FOR CITY HALL.

Mayors of Colton to Be Placed on  
Walls for Public Inspiration and  
Admiration.COLTON, April 4.—The men who have  
served as chairmen of the local board of  
trustees may not be the handsomest  
men in the world, but they are en-  
shrined in the hearts of their fellow-  
citizens, and at the last meeting of  
the board it was unanimously voted to place  
framed pictures of all the city's chair-  
men of the board, including the pres-  
ent Mayor, R. J. Martin, in the Coun-  
cil chamber. I. D. Strunk, E. F. Van  
Laves and J. W. Jounod were appoint-  
ed a committee to secure these pictures,  
have them framed and hung.

## NEWS BRIEFS.

The City Engineer was instructed to  
inspect the territory of Lytle Creek and  
report at the next meeting the best  
plan for preventing the waters from  
flowing through Colton, and the approx-  
imate cost of the work.  
M. A. Bagley and F. H. Owen, in  
the interests of the Colton Aerie of  
Eagles, which will give a street fair  
here May 25, 26, 27, secured certain priv-  
ileges. Their petition was granted, al-  
lowing them the City Hall, with decora-  
tions of red, white and blue, the right  
to sell electrical current, and use of the  
city streets and permission to erect  
booths. Trustees Strunk, H. York and  
V. Jounod were appointed a commit-  
tee on Fair Matters, representing the  
board, to act in conjunction with the  
Eagles' committee to further the inter-  
ests of the fair.A. Payetti has sold to Lotie E.  
Hejine a five-room house and lot 52x150  
feet, located at Fourth and M streets;  
consideration \$1200. The deal was made  
through the California Realty Company.

## RIVERSIDE.

ACCIDENTALLY  
SHOT BY MATE.BOY RECEIVES CHARGE WHILE  
PLAYING SOLDIER GAME.Long Drawn-Out Legal Fight by  
Nurse to Recover Payment for  
Long Service is at Last Settled in  
Her Favor—Uneda Biscuit  
Man Leaves Big Estate.RIVERSIDE, April 4.—While playing  
the game of soldier with a number of  
companions last evening, Ira Worthing-  
ton, a 12-year-old boy, was shot  
through the breast with a shotgun in  
the hands of one of the other boys  
of the party.Although the wound of shot struck the  
little fellow's breast, slanting, tear-  
ing away the flesh, a part of it pen-  
etrated the lung and made a dangerous,  
if not fatal, wound.The victim was carried to the Riv-  
erside City Hospital, where Drs. Van  
Zwailenburg and Dixon attended him.  
The physicians state that the boy is a  
hardy child and stands some show of  
recovery. His home is in Murietta and  
his parents were in Arizona when  
their son was hurt, but arrived this  
morning. The last visit he had with  
friends at the time of his injury.

## NURSE GETS JUDGMENT.

In the Superior Court this afternoon  
Margaret J. Holmes was given judg-  
ment by Judge Denmore to the com-  
pensation of \$1000 for nursing and  
attending the deceased woman, an ac-  
tion brought by the woman against  
George J. Dole, et al., executors of the  
estate of Ella L. Spence, de-  
ceased.The plaintiff brought suit to recover  
\$1000, claimed to be due her from the  
estate of the deceased woman, for nursing  
and caring for the decedent for more than  
two years prior to the death of Mrs.  
Spence, the carrier of the person  
against whose property the action was  
directed forbade the plaintiff testifying  
concerning anything which oc-  
curred before her death, but the de-  
fence of other witnesses established  
the fact that the plaintiff had cared  
for the deceased woman for a con-  
siderable time.There was no agreement to pay, no  
time fixed as the limit of services to  
be rendered, hence the difficulty of es-  
tablishing the claim, except by the tes-  
timony of the physician and that of  
the friends of the dead woman who  
had called to see her from time  
to time and found the plaintiff caring  
for her. The plaintiff claimed that  
Spence had made a promise to  
"remember her in her will," but no  
such provision was made. George J.  
Dole, the executor of the estate, is the  
son of the President Dole of the  
Hawaiian Islands.

## LEFT BIG ESTATE.

The appraisers of the estate of the  
late C. E. Rumsey of this city, who  
died at the Loma Linda Sanatorium  
five weeks ago, reported to the clerk  
of the court that they had fixed the  
valuation of the property at \$121,964.87.  
Rumsey was president of the Uneda  
Biscuit Company, and was also a  
stockholder in various other sweet-  
meat manufacturing concerns.

## NO TRACE OF MURDERER.

Sheriff Wilson and deputies have  
been making a careful search for  
seven Mexicans, who are believed to  
have murdered his child, Julia Mandri-  
quez, on the Rincon road near Corona,  
late Saturday night, but up to this  
hour no trace of the murderer has been  
discovered.When it was learned that the mur-  
derous Mexican had escaped from the  
room in which he was placed by rela-  
tives of the young woman whom he  
killed the officers made an effort to  
locate some bloodhounds to put on the  
trail, but were unable to find any such  
dogs after bloodhounds to a number  
of surrounding cities.The officers were positive they could  
catch the man with dogs as he had  
his hat and coat when he escaped  
through the little window of the room  
into which he was placed by rela-  
tives of the young woman whom he  
killed the officers made an effort to  
locate some bloodhounds to put on the  
trail, but were unable to find any such  
dogs after bloodhounds to a number  
of surrounding cities.The officers were positive they could  
catch the man with dogs as he had  
his hat and coat when he escaped

MEXICAN SOIL.El Centro Citizens Will Ap-  
peal to President.Desire Permanent Right of  
Way for Canals.Aid of State Officials to Be  
Invoked.

(BY DIRECT WIRE TO THE TIMES.)

EL CENTRO, April 4.—[Exclusive  
Dispatch.] Imperial Valley citizens of  
will appeal to President Taft asking  
him to take steps toward negotia-  
tions with the Mexican government for  
a permanent right of way for canals  
from the Colorado River to Imperial  
Valley or for the purchase of a strip  
of land in Lower California sufficient  
for canal purposes.This movement was started at a  
meeting of the Executive Committee in  
charge of the formation of Imperial  
Valley into one irrigation district un-  
der the Bridgford act as amended.When the resolution to this effect  
was adopted M. W. Conkling, Allen  
Kelly and C. M. Perry were appointed  
a committee to draft a suitable petition  
to President Taft.Copies of the petition will be for-  
warded to California Senators and  
Representatives in Congress and Gov.  
Johnson and representative bodies of  
California will be asked to give the  
movement their support by urging  
President Taft to give it favorable con-  
sideration.It is expected that the Imperial  
County Supervisors will be petitioned  
at their first meeting in May to call  
an election to vote on the proposition  
to form Imperial Valley into one ir-  
rigation district.

## CORONA.

ALFALFA MEN  
FORM SOCIETY.ANNOUNCE THAT ITS PURPOSE IS  
MUTUAL PROTECTION.Sales Agents Are Selected and the  
Statement is Made That One Hun-  
dred and Twenty-five Thousand  
Tons Will Be Handled by Organi-  
zation During Coming Season.CORONA, April 4.—Local alfalfa  
men and those in nearby towns met  
this week and took preliminary steps  
to organize under the name of the  
Alfalfa Growers' Association.Supervisor J. T. Hamner was chair-  
man of the meeting. Priestley Hall of  
Riverside, J. T. Hamner of Corona  
and one representative each from  
Arlington and Perris are to form a  
standing committee. These men will  
later comprise the board of directors.The organization is for mutual pro-  
tection and to select selling agents,  
these to be T. P. Flory, also the Nich-  
ols, Hamnell and Loomis Company,  
both of Los Angeles. The Association  
plans to take in sufficient acreage to  
furnish 150,000 tons of alfalfa during  
the season.

## SULLIVAN FUNERAL.

The body of John J. Sullivan, who  
died in St. Louis, Mo., arrived here  
this morning. The funeral service is  
to be held at 10 a. m., Wednesday,  
from the home of his mother, Mrs.  
M. E. Grinnell, Rev. Chester Ferris  
will officiate.

## NEWS BRIEFS.

Dr. Myron C. Wilcox, for twenty-  
five years a missionary in China and  
an old-time friend of Dr. W. K. Beane,  
is to give an address at the Metho-  
dist church Wednesday evening.J. Peterson reported he had \$225  
stolen from his pocket last night while  
with some companions.Bowen and Whitten have sold the  
five-acre ranch in the Auburndale  
tract to Warren Rycraft. Considera-  
tion, \$1600. The tract is now in veg-  
etables and small fruits.Garvey and Veach have sold Ben-  
jamin Tucker's ten-acre ranch on  
Railroad street to W. Fearing. This is  
also a small fruit and vegetable  
and has buildings. Consideration,  
\$3000.Bishop Johnson is to confirm a class  
of nine, Friday evening, at the Epis-  
copal church.Dr. Wesley K. Beane of Corona has  
been selected to dedicate the new  
Methodist church at Azusa next Sun-  
day.The Corona schools are closed this  
week for the spring vacation.Mrs. J. Q. Hall of Los Angeles was  
recently elected guest of Mrs. Juliet Pow-  
ell.

## ANOTHER BLOW AT SUFFRAGE.

BOSTON, April 4.—The Massa-  
chusetts House of Representatives re-  
jected the bill granting suffrage to women  
today by voting 161 to 69 not to sub-  
stitute such a bill for the adverse re-  
port of the Committee on Constitutional  
Amendments.With acting natural teeth, or wobbly false  
ones, with broken roots or unsightly, un-  
comfortable teeth of any kind, if so,  
write us. You may be quite as satis-  
fied as others are by yourself. You gain satis-  
faction by procuring natural teeth from day to day,  
and only further add to your discomfort  
by wearing false teeth. Write for free book for expectant  
mothers.PAINLESS PARKER, DENTIST.

is an excellent food—Science says:  
"sauerkraut, cooked together with  
a little pork, is a good way of  
strengthening a weak stomach"

Empson's Sauerkraut is  
fermented right, and then  
canned—all further fer-  
mentation stopped—  
and cooked

## Healthy Mothers

Mother's Friend is used before the coming of baby, and the healthy woman at the hour of motherhood. It is the only remedy that perfectly and thoroughly prepares the system for healthy motherhood, and brings about a natural and easy consummation of the term. Women who use Mother's Friend are always saved much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. Write for free book for expectant mothers.

**Mother's Friend**

THE HEARING OF CHILDREN IS FREQUENTLY  
followed by poor health for the  
mother. This supreme crisis of life  
finding her physical system unpre-  
pared for the demands of nature  
leaves her with weakened resistive  
powers and sometimes chronic ill-  
nesses. This can be avoided by  
her health by using Mother's Friend,  
thus preparing her physical condition  
for the hour of motherhood. This  
medicine is for sale at drug stores.  
Write for free book for expectant  
mothers.

**Beautiful Light Gray Hand Tailored Suits \$30.00**

Today we present another suit item of unequalled importance to women folk. Suits whose style and quality features will command both attention and admiration of all observers. If your tailor would turn you out a suit for fifty dollars to match any one of these you would count it a bargain.

We had them made to our order from goods and models of our own selection. There are half a dozen different styles to pick from in pretty light gray and tan mannish suitings; plain navy and black, or white serge and smart shepherd checks and other black and white effects **\$30.00**

—Second Floor—

**New Millinery**

Today's visitors will be first to see a new collection of Flower and Ostrich trimmed models from such French celebrities as Marie Louise, Marie Crozet and George—styles bought expressly for the Easter season.

Women of taste who make exacting discriminations in millinery will find this Easter display a delight.

Suit Hats, Afternoon Hats, Evening Hats, Toques and Turbans for Middle Aged Women.

—Second Floor—

**Modart Corset Demonstrations End This Week**

Have a talk with Mrs. Redding, the expert fitter of Modart Corsets, while she is with us. Let her explain to you the principle of the IMPROVED FRONT LACING, and show you what it will do for your figure.

—Corset Section—Third Floor—

**Silk Stockings \$1.00**

One twenty-five is the price these stockings usually bring—and they are worth every cent of it. They have the appearance of stockings that cost a great deal more.

Some have silk tops, others lisle thread garter tops, all are knit with lisle soles.

Black, white and every fashionable color, \$1.00.

—Main Floor—

**Unequalled and Unapproached at its Price**

**KURTZMANN**

**\$375 AND UPWARD**

The Public Schools of Los Angeles have adopted the Kurtzmann as the standard by which all the Pianos purchased must be measured. In their recent specifications they called for Kurtzmanns, or equal. This is strong testimony. Indeed, both to Kurtzmann value and Kurtzmann quality.

If you want an inexpensive Piano, that is not a "cheap" instrument. And if you want to invest only a little cash—Why, your problem is simple—buy a Kurtzmann.

It's a good Piano, even though the price is low.

It's musically perfect—a piano your children can safely practice on—without having to unlearn a whole lot, as they would if you bought the ordinary "cheap" piano.

The Kurtzmann will give you genuine musicianly service for years—otherwise we would not handle or recommend it.

The price is only \$375 up. Terms as low as \$6 monthly can be arranged.

Let us show you, and demonstrate, the unequalled Kurtzmann.

**WOMAN'S VOTE IN DECEMBER.**

*She May Have It in Next City Election.*

*If the Amendment Carries October Tenth.*

*Sixty Thousand Waiting in Los Angeles.*

Political plan-makers, men who would be Mayor or who would make Mayors, have been halted by the approach of enfranchised woman.

The adjournment of the Legislature and the gradual development of the idea that woman is likely to become the most important factor in the next city election in Los Angeles have led the politicians to pause and consider the probable situation next December.

The constitutional amendment submitted by the Legislature, in abundance, are to be voted on October 10, next. The city election is to be held December 5 following. This gives an interval of fifty-six days. The State law requires registration at least forty days before the date of the election.

Hence if the constitutional amendment of Senator Bell, giving the elective franchise to women carries October 10, the women of Los Angeles will have sixteen days in which to register and qualify for the exercise of that franchise at the December election.

It is believed there are more than 60,000 women in Los Angeles capable of enjoying the privilege of voting. It is also surmised that they will want to enjoy it. This will mean that, in addition to the usual belated thousands of mere men who will register, the County Clerk will have to provide for a daily average of 3750 women.

**CONDITION COMING.**

That such a condition will come is based on the serious prediction of politicians all over the State that the Bell amendment will carry, even though many others on the slate may fail. The politicians of the Legislature and State administration feel more sure of the suffrage amendment than many others. They believe it less of a chance to prepare for woman in the domain of politics and elections than to prepare for her.

As the constitutional amendment takes effect on the date on which it is adopted, women may be entitled to present themselves for registration October 11. Of course County Clerk Lande has not made preparations for receiving them but he will be asked to do so before the constitutional election date comes around.

City Clerk Handley spent yesterday afternoon figuring out what 60,000 women, suddenly in possession of new rights, will do at the polls. But he gave the problem up unfinished and estimated the necessary extra ballots and postage they will cost the city, which is more in his line of official duty.

But the men will, according to Handley's discovery, have a long haul at choosing the candidates the women must vote for. The suffrage amendment cannot be adopted in time for them to vote at the primary nominating election. Under the new charter that election is fixed arbitrarily for the last Tuesday in October, which, this year, is October 21. If the constitutional amendment election had been left at the first date chosen—September 5—the women could have registered and voted at both elections.

There is just one possibility that the women may not get to vote at the December city election, even if they carry the Bell amendment. The new charter provides that if candidates receive a majority of the votes, they shall be declared elected without further process.

There is little possibility that such a situation will result from the October primary election.

**WHAT WILL SHE DO?**

What will woman do when she gets her "rights"?

The political bosses do not know and no way of finding out. The great bulk of the sex is without any kind of organization. This great army of votes released for one election may upset all the political plans of years, and wreck political argosies on their home-ward course. For woman in Los Angeles is unorganized, unattached to party, and presumably wholly unbossed.

Mrs. Shelley Tolhurst, the most eloquent suffragist of the Southern California League, believes the women will divide on all questions that may be in the campaign next fall. She says there are many thousands who will register themselves just as soon as the amendment is adopted.

"I believe the women will be well informed on the local questions," said Mrs. Tolhurst, "and will affiliate with one or the other organization. There will be no sex party. There is no need for one. One cannot estimate what the effect of their votes will be, but it will doubtless be for the best."

Mrs. Charles Farwell, the organizer of the Political Equality League, who did effective work at Sacramento in procuring the passage of the suffrage amendment, is now at San Diego working on plans to bring out the vote that is to carry the amendment. When she returns to this city it is understood she and others of the leaders will discuss preparations for the registration of women voters at length after the October State election.

**COMPLAINTS ACCUMULATE.**

Examination of Money Lender to Be Held Before Justice Summerfield Tomorrow—Following Shady Trail.

John W. Watson, a money lender, will be examined in Justice Summerfield's court tomorrow on two charges of having embezzled funds which were entrusted to him to invest. He is at liberty under \$10,000 bail.

The District Attorney receives additional complaints each day from persons who declare that they are victims of Watson's shady transactions. No more formal complaints have been filed this week against him, but the facts in several deals are being investigated under the pretense of proceeding under the criminal law.

**TALL INDIAN STEALS FAIR MAID'S HEART.**

*No Escape.*

*She's the Bride of a Blackfoot.*

Miss Annabel McFarland, member of the ultra Arroyo Dinner Club, who startled her friends with the extraordinary announcement last night that she is Mrs. Schultz.

EXCLUSIVE is its membership of artists, litterateurs and students of the drama, the Arroyo Dinner Club was sensationalized last night by the announcement that Miss Annabel McFarland, its youngest and prettiest member, had secretly married a Blackfoot Indian.

Hart Schultz, a tribesman of the Blackfeet of the Dakotas, six feet, 2 inches in height, with the stamp of the plains upon him and the desert's flame in his eyes, had, for a few weeks, moved like a shadow in picturesque Garvanza's select circle and stolen the heart of the beautiful New York girl who was here as the dramatic pupil of Mrs. Richard Hovey and the pupil in oils of Artist Warren E. Rollins.

With the stealth of the Indian the young Blackfoot came among them and as silently departed.

He, too, was a painter, now did he escape the current dramatic fervor during his brief sojourn in the arroyo. His horses and his Indians have even been compared favorably with those of Remington. Critics, who saw his work here, say he has the elements of greatness.

**MEET IN A STUDIO.**

His young bride he met in a romantic environment. They first clasped hands across bright Navajo rugs in the Rollins studio. On the walls about them hung emblazoned trails of the vast unpeopled domains of the West, the Grand Canyon of the Colorado, wrapped in colossal majesty; and a flaming vision of the desert, receding before one solitary Indian who dreamed of his father's lands.

Well might the bride's admission of the happy culmination to their romance have been expressed in the words of a Browning heroine, "I was so young; besides I loved him."

**DIDN'T LEARN TO STOP.**

Motorcycle Victim Says the Next Time He Tries to Ride One of the Things He Will Do is in Vacant Lot.

W. Brown, 40 years old, a carpenter living at No. 525 Wall street, said yesterday in the Receiving Hospital that when he next tries to learn how to run a motorcycle he will do it in a vacant field. Had he followed that programme yesterday morning he wouldn't have been in the Receiving Hospital.

"It was like this, Doc," Brown told Dr. Carter as the latter gathered together the pieces of Brown's right collar bone and prepared them to be reassembled.

"I wanted one of those motorcycles so went and bought one."

"Yes, thasso," commented Dr. Carter as he peered into some deep cuts in Brown's face.

"The galeman showed me how to make it go and how to make it go faster but somehow I kinda think he forgot to show me how to make it stop."

"Well I hadn't been on a motorcycle before but I used to ride a bicycle several years ago so I didn't think it was necessary to take any lessons. I jumped on and it started. I got across Spring and Main streets all right but then a truck got in front of me. I blew my horn for it to get out of the way but it was too slow. I don't remember whether I struck the truck or the curb on the other side of it but I struck something alright that's so."

"Yes," echoed the surgeon. "Thasso." With his collar bone set and his face bandaged he was in condition to be taken to his home yesterday afternoon.

**LOVES LABOR LOST.**

Jovene, Marriage Likely to Get Its Coup de Grace at Hands of Indignant Parents.

Taking advantage of the temporary absence of his parents, who decidedly opposed his entering a state of wedded bliss at his tender years, Archie Smith, Jr., of Lamanda Park, slipped over to a neighbor's house Saturday afternoon and married Miss Jennie Malcom, the 16-year-old daughter of Thomas Malcom. Pastor Talbot, of the Lamanda Park Methodist Episcopal Church, performed the ceremony upon a license secured by young Smith by representing to the clerk that he was of age and that his prospective bride had arrived at her eighteenth birthday.

Following the ceremony the children departed, ostensibly for a honeymoon at Long Beach, though the parents of neither have been able to locate them as yet. The groom's father, Archie Smith, Jr., manager of the San Marino Growers' Packing Association, threatens to have the marriage annulled. Informed that his son might have to hold along the Mexican border, and account for the alleged misstatement of ages, Smith senior remarked that he did not care.

**TRAP CATCHES WILDCATTER.**

*Banker and Crooked Promoter Convicted by Jury.*

*Uses Mails for Fraudulent Mine Operations.*

*He's Father of Over Score Dead Companies.*

J. M. Graybill, banker and promoter of wildcat mining schemes, 60 years old, was yesterday found guilty of having used the mails for fraudulent purposes by a jury in the United States District Court.

The case was probably the most important of its nature which has ever been heard in the local jurisdiction of the Federal Courts. The government was represented by Assistant United States Attorney Stewart. The jury was so thoroughly convinced of the defendant's guilt that it took only one ballot and sent word to the judge that it was ready to report within ten minutes from the time the magistrate finished giving the instructions.

Sentence will be pronounced Monday. At that time A. L. Markwell, an accomplice, who pleaded guilty and testified against Graybill, will be apprised of his fate.

On account of Graybill's age, it is possible that Judge Wellborn will be inclined to leniency. However, precedents lead the officials to believe that the defendant will be given at least a short term in prison. The maximum penalty is 15 months imprisonment and a fine of \$500.

**MANY YEARS A BANKER.**

If a jail sentence is imposed, Graybill will be taken to his old home city to serve it, the Federal Penitentiary being at Leavenworth, where he was well known in banking circles. The defendant entered the banking business early fifty years ago in Columbia, Pa., where he was connected with the First National Bank. He followed that vocation until he came to Los Angeles ten years ago.

In a decade he is known to have floated at least twenty-seven wildcat companies here. The evidence showed that he juggled dummy directors and funds with surprising cleverness. Markwell was a \$10-a-week stenographer. He died that he was an officer in several companies for some time before he knew they were in existence.

The Federal officials give Graybill the credit of having floated the following concerns: Admiral Togo Mining Company, Arizona Success Mining Company, Arizona & Ely Copper Company, Bluff Gold Mining & Milling Company, California-Nevada Securities Company, Consolidated Mining & Investment Company, Colorado Mines and Copper Company, Duplex Extension Mining Company, Greenwater-Ely Consolidated Copper Company, Great River Patch Mining Company, Piche Atlantic Mining Company, Nevada Pacific Coast Mines Bureau, Pacific Securities & Realty Company, Red King Leasing Goldfield, Riverside Copper Company, Southern California Stock Exchange, Stock & Bond Syndicate, Searchlight Helena Mining Company, Tonopah Gold Star Gold Mining Company, Tonopah Wall Street Mining Company and United Securities Company.

**VICTIMIZED MANY.**

He was convicted on the count which charged him with having made false representations through the mails in connection with the Greenwater-Ely Consolidated Copper Company. Graybill has been under indictment for more than three years. He has been a liberty since 1908 on bonds. Stewart asked to have the bail increased pending sentence and Judge Wellborn fixed it at \$2500.

Three weeks were consumed in the trial. Sixty witnesses were gathered from various parts of the United States, were examined. More than \$3000 was paid out in witness fees.

The government went to much expense and trouble in the case because Graybill had victimized so many persons. There were 600 purchasers of the Greenwater-Ely stock, from whom he realized nearly \$10,000.

The aged man is said to have reaped several fortunes through the concerns which he later a 5-cent cash fare to certain portions of the district, but he refused to accept them.

At a meeting held Saturday night, however, it was agreed to accept the book proposition, provided a 5-cent cash fare to the extreme western limits of the city within the next two days to city. The contention will be that the line was built and the 5-cent fare put in good faith and that the annexation of the territory to the city, has nothing to do with the case, as the city ordinance setting a penalty of \$200 for charge of more than 5 cents inside the city limits is in operation under the premises as an ex post facto law.

"The Colgrove people," said a representative of the company last night, "were offered their choice several months ago between interurban service and a 10-cent fare on the one hand and local service and a 5-cent fare on the other. They demanded flyer service and the 5-cent fare both."

**PLUCKY MAN WINNING.**

Although 72 John D. Bicknell, president of the Western Union Oil Company, is winning his fight for life against a combination of asthma and a gripe which seemed necessarily fatal two days ago, Mr. Bicknell was held alive by the Mexican border, and several biplanes are to be used for

**J. M. Graybill**

promoter of many crooked mining schemes, convicted yesterday of using the mails for fraudulent purposes.

**Fight On.**

**PAY NICKELS BUT PROTEST**

**COLEGROVE MEN BRING AGAINST RAILROAD.**

Charge the Los Angeles Pacific With Having Collected an Illegal Fare for Transportation From Their Suburb to the Heart of the City.

Because they were required to pay what they considered an illegal fare, four citizens of Colegrove yesterday filed complaints with Justice William Young in suits for damages against the Los Angeles Pacific Railway Company.

Early yesterday morning the men, acting as a committee for the Colegrove Board of Trade, board car No. 23 of the Colegrove line, filed the conductor 5 cents and stated that he wished to go to Th and Hill streets. They were informed that the fare was 10 cents and that they must pay that amount or get out. The extra 5 cents was then paid out in protest.

Arriving in Los Angeles the committee went immediately to the office of Cole and Cole, attorneys, for a demand, where the complaints were made out.

The suits are based on a clause section 561 of the Civil Code, which provides that in municipal corporations of the first-class the street car fare must not exceed 5 cents for a continuous ride in one direction. Section 5 of the charter of the city of Los Angeles provides for the collection of a fare in excess of the amount fixed by law. The sum to be recovered in civil action in any justice court having jurisdiction.

The complainants are Seward Col Dwight Brooks, John Steffens and Amil Davis. The action of the Colegrove organization in the territory affected has been waged by the residents of Colegrove and Hollywood ever since the annexation of that section more than a year ago.

"The fight has been conducted by committee of twenty made up of members appointed by the different civil organizations in the territory affected. This committee has considered a number of propositions from the railroad company promising a 5-cent fare for commutation books at the present time and later a 5-cent cash fare to certain portions of the district, but has refused to accept them.

At a meeting held Saturday night, however, it was agreed to accept the book proposition, provided a 5-cent cash fare to the extreme western limits of the city within the next two days to city. The contention will be that the line was built and the 5-cent fare put in good faith and that the annexation of the territory to the city, has nothing to do with the case, as the city ordinance setting a penalty of \$200 for charge of more than 5 cents inside the city limits is in operation under the premises as an ex post facto law.

"The Colgrove people," said a representative of the company last night, "were offered their choice several months ago between interurban service and a 10-cent fare on the one hand and local service and a 5-cent fare on the other. They demanded flyer service and the 5-cent fare both."

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

Ordinance throwing the city wide open to street peddlers failed to go into effect yesterday, but will come up for consideration again on next Monday at 11 o'clock.

Ordinance was passed yesterday giving peddlers the right to sell on the streets, but it was vetoed by the City Council.

Dr. J. C. Luitwiler, mother of a child who died of a disease of the lungs, collapsed yesterday in the courtroom, and had to be carried out. Evidence for the defense was closed.

K. Kunda, a son, filed a suit against the City of Los Angeles, claiming that the city had failed to maintain a proper drainage system, and that this had caused the death of his son.

Dr. J. C. Luitwiler, mother of a child who died of a disease of the lungs, collapsed yesterday in the courtroom, and had to be carried out. Evidence for the defense was closed.

Board of Public Utilities, recommending acceptance of the delayed payments by public service commissions of the 2 per cent. of gross receipts, and stating that inasmuch as the city had previously accepted such payments, it was not necessary to make any other provision for the same.

Dr. J. C. Luitwiler, mother of a child who died of a disease of the lungs, collapsed yesterday in the courtroom, and had to be carried out. Evidence for the defense was closed.

**THAT ALARM SYSTEM.**  
GOES TO SPECIAL COMMITTEE.

The recommendation of the Fire Commission that the city adopt a central fire alarm system, and that it be built at Seventh and Figueroa streets, and that all cables be placed under ground, failed to pass the Council yesterday, but was passed by a special committee composed of Messrs. Gregory, Betkousky, and Whiffen, for examination and report.

The committee is composed of three special engineers, appointed by the Mayor some time ago, to report on the best and most economical system for the city to adopt. Whether they reported on the best system or not, is a matter on which many officials differ, but they all agree that the report is not necessary to speak to the Council, and that a dead-end is in the city for the defense.

## AT THE CITY HALL.

### POLICE OPPOSE THE SPIELERS.

CITY COUNCIL AT RETURNING TO OLD TROUBLES.

On Street Speaking Ordinance Goes Over Till Next Week.

Peddlers Authorized to Ring and Blow Horns—Wilton Storm Drain Killed.

For less surprise was expressed yesterday following the meeting of the City Council, at the appearance of P. Ryland before that body to obtain unlimited free speech on any street in the city, between the hours of 8:30 o'clock, every night in the city.

The Police Department has been in touch with the matter, and the difficulties of a few days ago, when a crowd of streets made for the abuse of the ordinance. This condition resulted in the adoption of the present ordinance, which time there has been peace in the business district. Over the clamor of the workers in the street, and the loud-mouthed agitators, who have been confined to Los Angeles, the condition would now be a half of the city would be a riot.

It is a very doubtful expedient, to some of the church people of the city would result in the loss of the ordinance. In order to gain a temporary right to speak on the streets for a brief period, they would have to open the law for 24 hours in the year, a number of the latter were present at the Council meeting yesterday to appeal the ordinance of a very visible speaker.

The church people are by no means silent on the subject, and Councilman Hubbard said that he was not ready to vote on the question until he knew the definitely what the body of the ordinance was, and after a long discussion, the ordinance was passed by a vote of 11 o'clock.

The chief of the entire Police Department are against the proposition to change the ordinance, and it seems likely that such a step will be in opposition to the wishes of the peace, and, at the same time, in opposition to the greater portion of the city.

Chief Sebastian's comment was brief to the point yesterday, when he said that it had been put over one week. He said: "That's very good, but it's better put it over indefinitely."

The two Councilmen, who seem to be in favor of making the ordinance change, are Betkousky, who wishes to favor a lot of his constituents "down there," and Andrews, who lives in the hill district, where never hears the racket.

## AT THE COURTHOUSE.

### NERVES BREAK AND SENSES GO.

MOTHER OF ALLEGED WIFE SLAYER FAINTS.

While Listening to the Testimony of Her Daughter About the Defendant's Condition, Physical and Mental, the Strain Proves Too Great and She Loses Consciousness.

Mrs. Sophie C. Luitwiler, the gray-haired mother of George C. Luitwiler, charged with the murder of his wife, Stella, collapsed in Judge Willis's court yesterday. She had to be carried out of the courtroom.

It was apparent during the long-drawn-out examination in chief and cross-examination of Mrs. Luitwiler, that her nerves were stretched almost to the breaking point, but she managed to get through the ordeal, after she had done what she could to assist in the defense of her son.

The break came in the course of the giving of evidence by her daughter, Adelaide B. Luitwiler. The witness was testifying in regard to a weak and diseased condition of her brother all of his life; she told of his having been troubled with headaches since he was 4 years old, of his being taken out of school when but 14 on account of illness; and of him now as struggling with the white plague of his life, having in vain sought relief long before the tragedy that ended the earthly career of his wife.

The mother, who was just inside the railing set apart for witnesses, heard no more, but fell in a comatose condition, with a little cry that attracted the attention of the court. She lost consciousness completely. Restoratives were applied, but she was so nervous that she dared not listen to any more of the testimony, and declined to sit in Judge Willis's chambers during the remainder of the day.

The defense in behalf of the defendant was Henry L. Miller, a brother-in-law of the accused; E. M. Clinton, who had worked with him, and Dr. Warren N. Horton and Ross Moore, who testified as alienists. The lay witnesses all declared that Luitwiler

has been for years; that he brooded over his physical condition continually, and that he seemed at times perfectly oblivious to what was going on about him.

In reply to a long hypothetical question of counsel for the defense put to the physicians by Attorney Earl Rogers, covering the proven points in the life history of Luitwiler, both declared that in their opinion he was insane at the time of the commission of the crime. It is expected that the testimony for the defense will be concluded by this evening.

## SWEET CHARITY.

### WILLS IT LARGE SUMS.

The will of William R. White, who died in Chicago, March 24, was filed for probate here yesterday. The value of the Los Angeles county property owned by White is but \$6000, which represents two lots in Pasadena, where White had been accustomed for some years to spend his winters. The value of his estate beyond his local holdings is not indicated in the will. One of the features of the instrument is the bequest of \$25,000 to the Los Angeles Home for Destitute Crippled Children, in Chicago, the sum to be administered by the board of trustees of the Home. The will also bequeathed to the Los Angeles Trade School for Girls in New York a sum of \$10,000, and to the Los Angeles Home for Destitute Crippled Children a sum of \$10,000.

## DEATH OF A WIFE.

### HEALTH FAILING.

EXECUTRIX CASE PUT OFF.

Judge Rives unofficially "tipped his hand" in the expected hearing of the petition of Henry M. Wisler for the removal of Mrs. Maria G. Tomb as executrix of the estate of Thomas E. Tomb, who died in Los Angeles, California, on January 1, 1910.

The petition was filed by Gertrude P. Tyler of San Francisco, daughter of the testator.

The balance of the estate is to go to the widow, Mary L. White, executrix of the estate, and John V. Clark, executor, trustees, who are to balance the income to the New York School for Girls, and the remainder is to go to these latest devisees.

The will of San Francisco, daughter of the testator, was filed by Gertrude P. Tyler of San Francisco, daughter of the testator.

The will of San Francisco, daughter of the testator, was filed by Gertrude P. Tyler of San Francisco, daughter of the testator.

ger, owner of a large ranch in the San Fernando Valley, against Florence Hettlinger, his wife.

Hettlinger testified that he lost a major part of his fortune by the earthquake fire in San Francisco. He also said that when he suffered this loss he could at once see a difference in the manner in which his wife treated him. She was no longer loving and sympathetic, he said. However, in order to please her, he said he gave her funds for about \$12,000 worth of property located in Los Angeles and Glendale.

When he bought the San Fernando Valley ranch he insisted upon her joining there, as he expected to make his future home, but she refused to do so. The plaintiff got his decree.

## COURTHOUSE NOTES.

### BREVITIES MISCELLANEOUS.

HOPE AGAIN FOR A SECOND TIME. Within a week, the case brought by Cory G. Hoff and Alta May Hoff against the Los Angeles Pacific Railway, to recover \$15,000 damages, and that of Cory G. Hoff against the same defendant for \$10,000, has commenced in Judge House's court. Last Friday all but two of the jurors summoned were challenged for cause, and yesterday's adjournment was due to the fact that the court was unable to get a jury. The cases have been before the local courts on several previous occasions, and are now back to a second hearing. There is a reversal of former judgments by the Appellate Court.

GOMEZ SENTENCED. In Judge McCormick's court yesterday Batoriano Gomez, who had pleaded guilty to the charge of burglary, was sent to Prison for two years.

W. L. Brent, charged with manslaughter for the killing of Rudolph A. Schreiner, last January, had his trial set for June 5.

PROBATION ALLOWED. Judge Willis released John F. Harting, who pleaded guilty of failure to provide for his family, on one year's probation. Harting, 22 years of age, was charged with failure to support his wife and child. He was given a bond that he would pay \$10 a month to those dependent upon him.

DAMAGE ACTION. Judge Deering and a jury are hearing the evidence in the action brought by Horace S. Fouts against the city of Los Angeles to recover \$12,000 alleged to be due on account of injuries he received while at work as an oiler on a dredger employed on the Owens River aqueduct job, near Independence, last July.

ANNULMENT GRANTED. Judge Morris yesterday annulled the marriage of Walter and Annie Mitchell, on the ground that Mitchell had a wife living at the time he married the plaintiff in this action. The marriage was celebrated in 1908.

INFORMATION. Informations were filed in Judge McCormick's court yesterday against L. E. Bricker, and G. Charles Bullen, both of whom are charged with giving checks on banks which had no funds to cover them. They will be arraigned this morning.

ALL TO WIFE. By the provisions of the will of David E. Davis, filed for probate yesterday, the estate of the testator, valued at \$3000, is bequeathed to the widow, Susanah Davis.

BUILDING RESTRICTION SUIT. An action was begun in the Superior Court yesterday by Horace H. Schuster and other property owners in the Adams street Arlington Heights tract, against Helena Johnson for violation of the building restrictions imposed by the deed of transfer. It is alleged that she has erected a home valued at not to exceed \$500, when it was provided in the deed that the structure should cost not less than \$2500. The prayer of the complaint is that the defendant be restrained from permitting the structure to remain, or that she use it as a dwelling house.

WANTS MUCH MONEY. Judge Craig yesterday heard a part of the evidence in the case brought in behalf of William Bonk, a minor, by his mother, Peter Bonk, who seeks to recover \$47,248, on account of injuries received on the Los Angeles and Redondo Railway last summer. It appears from the complaint that the boy was thrown from the platform of a car of the defendant company, and suffered a fractured skull and other severe injuries. The case was afterward settled by the agreement to pay the plaintiff \$600.

DESIRE TO MORTGAGE. Petitions were filed in the Superior Court yesterday by the Young Men's Christian Association, and the Young Women's Christian Association, both of Long Beach, for the permission of the court to mortgage the premises of the petitioners, in Long Beach, for \$7500 each.

INCORPORATIONS. Articles of incorporation were filed yesterday by the Belle Vernon Methodist Episcopal Church, incorporators, Joseph S. Irwin, Frank C. Grant, Fred Bruner, Frank W. Mayo and Harry H. Waburton; Topanga Development Company, capital stock, \$25,000, incorporators, William H. Lynch, Harry B. Wood and Ellis B. Moore, subscribed, \$25,000; California Utahite Powder Company, capital stock, \$25,000, incorporators, Walter Marchant, A. H. Bryson and R. W. Clark; Pacific Screen and Pump Company, capital stock, \$25,000, incorporators, R. H. Danner, A. W. Everett, F. R. Danner, F. E. Sweeney and R. A. Geyer; Los Angeles California Anti-Deflection Society, incorporators, Mary B. Thompson, Verla Kerchival, Rosalie K. Kerchival, Katherine Duncan and Nathan W. Zimmer; Alamo Gun Club, capital stock, \$2000, incorporators, E. A. Featherstone, W. B. Macindoe and Dave F. Smith, subscribed, \$2000; Los Angeles Brass Manufacturing Company, capital stock, \$25,000, incorporators, Ernest F. Rice, Lee R. Raymond and Lawrence W. Swartz, subscribed, \$25,000.

## THE INFERIOR COURTS.

### "BRAVERY" BEGETS A JUST REWARD.

WHILE OTHERS STEAL HE IS OUTSIDE; PUNISHED.

Police Judge Imposes a Small Fine on Shoplifter With Babe in Arms, and Man Who Waited While Women Worked Geis Longest Term.

Prudence, strategy or cowardice, whichever it was, was availed P. Trujillo nothing yesterday in the Police Court when he appeared with Mrs. D. Sanchez and Mrs. Felippa Duena, charged with having stolen goods from the Fifth-street store. He was sent to jail for ninety days on a petty larceny charge, though it was shown that he had not entered the store.

Mrs. Sanchez was released after paying a fine of \$5 and Mrs. Duena was sent to jail for thirty days.

According to the officers who made the arrest, Trujillo is Mrs. Duena's husband and the father of Mrs. Sanchez. He induced them to go into the store to steal what they could, while he stayed on the sidewalk so in case they were caught he wouldn't be with them. Trujillo, however, is known to the police, and he was picked up as quickly as was the women.

Mrs. Sanchez has a babe in arms and she used the child to conceal the bits of finery she had stolen. When an opportunity presented itself she took something from the counter and concealed it between herself and the child she held.

Police Judge Chambers said he could not send a woman with a babe in arms to jail, and asked her if she could pay a fine of \$5. She said she could, and was released after doing so.

Mrs. Duena was next disposed of with a lecture on making the younger woman do the bad part of the work, and a sentence of thirty days without the alternative of a fine was imposed.

"You are a very brave man," Judge Chambers said to Trujillo, ironically. "Why didn't you climb a telephone pole and be still safer? Ninety days in the City Jail."

ACTIONS SPEAK, ETC.

A DEAF MUTE CAN BEG.

It isn't necessary to speak to a person to commit the offense of begging, ruled Police Judge Chambers in the Police Court yesterday morning when Mollie Rolles, deaf mute, was tried on that charge. In consequence a fine of \$15 was imposed.

The woman was arrested on Main street by a plain clothes officer, who said that he saw her approach several men. Thinking that she was begging he gave her a chance to beg from him. To his surprise she refused.

Where Prices are Lowest for Safe Quality

Butter and Eggs of Superior Quality

The important advantage of purchasing your butter and eggs at Jevne's is that you get more for your money at a greater cost.

Our butter is first wrapped in parchment paper, then in paraffin, and finally in a further protective layer of wax. This protects the butter from every possibility of outside contamination, and insures you getting it perfectly clean, sweet and absolutely free from any admixture of anything but pure butter.

All the eggs we market come from private ranches direct to our stores. Every egg is guaranteed to be absolutely fresh. Considering the season of our eggs, our prices are most reasonable. In present prices of eggs, they are one of the cheapest articles of food today.

Every imaginable fish delicacy for Lent at Jevne's.

# HIGHER PRICES FOR OIL LANDS.

Value of Patented Ground Is Greatly Enhanced.

General Causes Contribute to This Condition.

General News of Interest From Oil Fields.

The withdrawal from entry of vast areas of prospective oil lands in California, the Yard decision which is now being considered by the Interior Department, and other things of recent origin are causing a materially increased value of proven oil lands. As this is the present condition a Bakerville land broker stated the other day that he has a client who wants to invest \$100,000 in good patented oil lands, and he has been looking for a while in a vain endeavor to find a man that will sell the oil. The man who will buy the land outright for development purposes.

Of course, applies only to the oil territory. Different oil lands agree in the statement that the demand for oil land leases is greater than in many months past. This is in part due to better general conditions in the oil market, but in large measure, also, it is due to the fact that the government land is available in large quantities. As a result of the oil land market, the value of patented oil lands is so large. If the policy of the government is to sell the oil lands in its own hands, the value of the oil lands will increase steadily. The present proven area is drilled up, and is a phase of the oil land situation that has been but little discussed, but its effect can not be overestimated. It will mean that the oil values will increase steadily. The present proven area is drilled up, and is a phase of the oil land situation that has been but little discussed, but its effect can not be overestimated. It will mean that the oil values will increase steadily.

REMARKABLE OIL WELL. PALMER IS FORTUNATE.

Palmer Oil Company's well No. 1, which has been drilled to a depth of 1300 feet, tank measurement, and No. 2, being nearly 2000 barrels per day, increase of almost 200 barrels over No. 1, and a half. No. 2 and No. 3, being down more than 1000 feet, are being allowed to flow, and are producing at the rate of 500 barrels a day until it stands up.

Union No. 1 gives every indication of exceeding in output any of the other wells. The well is being cleared it will be allowed to flow into the large reservoir built for the purpose. The progress is being made in the clearing of the well. The well is being cleared it will be allowed to flow into the large reservoir built for the purpose. The progress is being made in the clearing of the well.

Now in the Field. E. J. Davis and L. de Sailer of the Palmer Oil Company are in the field watching the progress of well No. 1. It is down about 1400 feet, and is producing at the rate of 500 barrels a day. The well is being cleared it will be allowed to flow into the large reservoir built for the purpose. The progress is being made in the clearing of the well.

Portman Nearing Pay Sand. Levi has received a message from Paula stating that the well is down 1500 feet, and is producing at the rate of 500 barrels a day. The well is being cleared it will be allowed to flow into the large reservoir built for the purpose. The progress is being made in the clearing of the well.

Getting Oil and Gas. Venter and Kern Realty & Oil Co. has received another good report from the well. It is a large quantity of oil, and is being cleared it will be allowed to flow into the large reservoir built for the purpose. The progress is being made in the clearing of the well.

Canadian Sunset Well. Canadian Sunset Oil Company, which took over the old Lone Star well on section 1, 11-24, Marietta, last week began the work of clearing the property. On Monday a big blowout in well No. 1 was started for nearly an hour and fifty feet above the top of the well.

The Oil Industry.

## HIGHER PRICES FOR OIL LANDS.

Use of Patented Ground Is  
Greatly Enhanced.

Several Causes Contribute to  
This Condition.

General News of Interest  
From Oil Fields.

Withdrawal from entry of vast  
prospect of oil lands in California  
the yard decision which is now  
being made by the Interior Department  
things of recent origin are  
to materially increase the  
proven oil lands. As illustrating  
the present condition a Bakersfield  
broker stated the other day  
he has a client who wants to in-  
crease 100,000 in good patented oil  
and he has been looking for a  
man in a vain endeavor to find a  
man who will fill the bill. The man  
who will buy the land outright for de-  
velopment purposes.

Of course, applies only to  
territory. Different oil  
agrees in the statement that  
demand for oil land leases is great-  
er for many months past. This  
in part to better general condi-  
tion of the oil market, but in large  
part, it is due to the fact that  
the government land is available  
less. As a result of the oil land  
policy of the government to  
sell more land than ever before the  
oil-bearing domain, operated  
restricted to patented lands or  
on which claims can be de-  
veloped under the recently-enacted laws  
and Office rulings.

Direct result of this policy of the  
government will be to enhance the  
value of patented oil land. That a  
direct effect is noticed already is  
the fact that the area of patented  
oil land held under valid  
title is so large. If the policy of  
selling the oil lands from entry  
of a lease system is in-  
creased, it will mean that the oil  
lands will increase steadily as  
new proven areas are drilled up.  
In a phase of the oil land situ-  
ation has been but little dis-  
cussed but its effect can not be over-  
estimated now, and it will become  
apparent as time goes by. How  
the price of patented and proven  
oil will go depends very largely  
on the future policy of the government.  
Public oil land is sold out very  
cheaply and the price of oil should  
be the value of patented lands  
at least be doubled.

**MARKABLE OIL WELL.**  
**WELLS IN PORTUNATE.**  
Palmer Oil Company's well No. 1  
has been allowed to flow about 5000 barrels  
per day, tank measurement, and No.  
2 has nearly 2000 barrels per day,  
measure of almost 200 barrels over  
has been doing for the past  
year and a half. No. 3 and No.  
4 are at present, while storage  
excavated for them. No. 2  
has been allowed to flow, but  
reduced at the rate of 5000 bar-  
rels until it sank up.

Union No. 1 gives every in-  
crease in output any of  
the Palmer gushers. The  
well is enormous and once the  
large reservoir built for  
the progress is being made in  
the oil wells No. 2 and 3, the  
being down more than 1700  
feet more than 1000 feet.

Palmer Oil Company, by the use  
of the No. 1 well, has a good  
proven property, and is a good  
thing for the future. The gravity of the  
oil is heavier than that coming from  
other wells. The gravity of the  
oil is increasing right along.

**Now in the Field.**  
Dawson and L. de Salier of  
the Oil Company are in the  
field, working the progress of well No.  
1 down about 1400 feet, and  
making preparations for well No.  
2. In the adjoining  
Queen's 5000-barrel well adds  
to the big ones surrounding  
the property, and is a good  
thing for the future. The gravity of the  
oil is heavier than that coming from  
other wells. The gravity of the  
oil is increasing right along.

**Getting Oil and Gas.**  
Palmer and Kern Realty & Oil  
Company has received a good  
deal of No. 1 well, near San Luis  
There is a large quantity of  
oil in the well and the  
oil is increasing, there now  
being for firing the boiler. It  
is expected that this fuel will be used  
for the drilling of suc-  
cessful. The drill is nearing  
the end and is expected to enter the  
oil sands in the near future.

**Canadian Sunset Well.**  
Canadian Sunset Oil Company,  
which took over the old Loma  
oil field, on section 1, 11-24, Mari-  
etta, began the work  
out there partially drilled  
the property. On Monday  
a big blowout in well No.  
1, which has been nearly an hour and  
a half, and the well is now  
flowing at the rate of 1000  
barrels per day.

**Interested in selling lots in**  
the new oil field. Let your customer have  
the exact location  
of the well. Such maps  
are being made by the Times-Mirror  
company.

# Emancipation

**The Regal Shoe Company** refuses to  
be bound any longer to the hoary old tradition of the Shoe  
Trade that standard shoes must *necessarily* be built to fit  
certain arbitrary prices—\$3.50, \$4.00, \$4.50, \$5.00, and so on.

It refuses to believe any longer that a shoe that can be  
sold at, say, \$3.85, *must* be "built up" to sell at \$4.00, or  
else "skinned down" to sell at \$3.50.

It has announced that every Regal Shoe made hereafter  
will be priced at

**Cost, Delivered to the Customer,  
Plus 5 Per Cent. Commission**

This may figure out in "even money" or it may not, just  
as it happens. But, however it figures, the amount will in-  
variably be verified by certified public accountants and *stamped*  
on the shoe at the factory, and that will be the price you pay.

In justice to yourself you should not be asked to pay more.  
In justice to the shoe it should not be "skinned down" to cost less.

**Regal Prices Are Now \$3<sup>35</sup> to \$5<sup>85</sup>**

**In Regal Shoes You Get All That You  
Want at the Lowest Price That Can Buy It**  
**REGAL SHOE STORE**

America, averaging 232 miles per hour in the 1909 Vanderbilt race. The "30" won the 1910 race, averaging 126 miles per hour, but at a single lap, the average of 58.5 miles per hour, set the world's speed record. The type. The car was held by a Chalmers average of 55.5 miles per hour at Santa Monica. The race was won by a Chalmers on that big race.

The opening of the Chalmers "30's" was a record. The car won every race it entered. At this meeting, the Chalmers "30" set a record which was not broken for many years. The car had a top speed of 126 miles per hour, and it was the only car of its type to win every race it entered. What a record! The Chalmers "30" was the only car of its type to win every race it entered. The Chalmers "30" was the only car of its type to win every race it entered.

## What Chalmers Victories Mean to You

YOU probably do not want to buy a racing car. We do not want to sell you one; in fact, the Chalmers Motor Company has never built a racing car. Every Chalmers victory has been one by a strictly stock car.

Chalmers stock cars have in two years won 93 firsts, 32 seconds and 21 thirds in road and track races, hill climbs and endurance contests. Chalmers stock cars were awarded the title of "Champion Cars" by motor trade papers.

The Chalmers "30" has never been defeated in a road race by a car of its own class.

The Chalmers "30" won the Indiana Trophy in what was probably the most important light car road race yet held in America, averaging 51.5 miles per hour for 232 miles.

In the 1909 Vanderbilt race a Chalmers "30" won the Massapequa cup, traveling 126 miles in 129 minutes without a single stop. This is an average of 58.5 miles an hour, which set a world's speed record for cars of this type. The previous record was also held by a Chalmers car.

An average of 55.5 miles per hour was made at Santa Monica when the Chalmers "30" won that big race over a course of 202 miles.

At the opening of the Atlanta Speedway two Chalmers "30's" driven by Matson and Knipper won every event offered in their class. At this meeting the "30" won the 100-mile race for the Chandler Trophy, setting a track record which still stands.

Chalmers cars have not been raced for the fun of it, nor even for advertising purposes alone. What we learned in racing enabled us to build better cars without charging more. Our good records let buyers know they were buying certainties when they bought Chalmers Cars.

WESTERN MOTOR CAR COMPANY

## GOTCH THROWS GRIFFIN THRICE

Missouri Grappler a Mere Child in His Embrace.

World's Champion Wrestler Shows at Pasadena.

Crowd Applauds Mat Artist for Great Work.

Tom Griffin of Kansas City, who followed World's Champion Wrestler Frank Gotch to California, got his chance in Pasadena last night and proved easy picking for the king of grapplers, who won three straight falls in quick succession.

Gotch looked in the pink of condition and the crowd of mat fans who congregated at the Pasadena Opera-house gave him a big send-off when he was introduced as the world's greatest wrestler.

Gotch started out easy, but was soon going at the pace that has kept him at the very top of the mat profession.

Griffin worked hard, and twice broke away from the champion when he looked securely pinned. Gotch finally applied the toe hold and turned the Kansas City boy over, and then with the aid of a body hold and an arm lock he pinned him for the first fall in twelve and a half minutes.

Gotch had agreed to give his opponent only a minute's rest between falls, and when he was called out for the second time he was tired and unable to continue at the pace he had set in the first bout. Gotch picked his man up and tossed him about as he would a child and in a minute and forty seconds he had won his second fall, with an arm lock.

PLENTY OF TIME. This left Gotch forty-five minutes for the third fall, but it didn't cause him to let up any and in a minute and a half he had scored the third fall. The toe hold was used on Griffin in the final bout.

In the preliminary bout Chris Pearson of Duluth, Minn., beat Alex Swanson of Omaha two out of three falls. Gotch will arrive in Los Angeles this morning and remain over until tomorrow morning, when he will leave for San Diego, where he is booked to appear in a handicap match.

The champion will return to Los Angeles Friday morning for his match with Jess Westergard at McCarey's Naud Junction pavilion Friday.

STRAIGHT MATCH. The Westergard contest will be a straight match, best two out of three falls. The first Gotch has had on the Pacific Coast while in Los Angeles today Gotch will be entertained by Jim Jeffries. The champion accompanied Jeff on his final tour of the country before the Johnson fight and was very close to him.

Gotch said last night: "This Pacific Coast tour of mine was arranged as a wedding trip and Mrs. Gotch and myself are having more fun on it than we would have had had we planned purely a social trip. 'I am looking forward to the match in Los Angeles as the biggest event of the trip, and in fact it was largely on account of the contest with Westergard caused me to make up my mind to journey out here.

"As everybody knows, I am fond of Iowa and its climate, and I own enough good corn land back there to keep the wolf from the door the rest of my days without worrying about the mat game, but some day I suppose I will do like many other Iowans have done that I know—come to California for my health."

ABE ATTILLI IS OUT.

Physicians Order Him Not to Box for at Least Six Months and Possibly a Year.

[ASSOCIATED PRESS DAY REPORT.] NEW YORK, April 4.—Abe Attilli, who suffered another injury to his

left shoulder in his bout with Frankie Burns here last Friday night, has been ordered by his physicians not to fight again for at least six months, and probably for a year. There is a possibility that the arm is so badly injured that Attilli will never be able to return to the ring.

The enforced retirement for a year means a loss of from \$30,000 to \$50,000 to the fighter, who had mapped out a busy campaign. One of his first matches was to have been with "Knockout" Brown.

What Makes Him WIM?

HOGAN LOOKING 'EM OVER BEFORE WHOOPING IT UP.

EMPIRES are all right," declared Hap Hogan yesterday, "if they don't give you the worst of it all the time. That's what makes me sore."

And that's what hundreds of fans went out to the ball game for yesterday, for they expected to see Hogan rush over and bite the ump's car off in his real or supposed rage at some decision. He returned home with a reputation made in quarreling with ump Finney at San Francisco last week in which Hap lost \$10 in fines, and naturally the fans expected to see something at the ball game yesterday.

Before the game Hap walked out to the home plate to confer with Capt. Sheehan and Hildebrand on ground

rules. Hap evidently looked Hildebrand over and concluded to keep quiet for the only advice he gave the ump during the game was to yell at him that Koestner was not pitching with his feet in the proper position.

Hogan could not be any more of a crab, however, than Dillon was here last week when McGreevy was umpiring and about the only difference between the two managers was that Hogan was fined and Dillon was not. It is plain to be seen, however, that these two players start the season with something up their sleeves for two of the ump's and the league will probably need some extra judges before the season ends.

After the game yesterday Hogan declared that Hildebrand had umpired a very nice game and there could be few kicks in his decisions.

Attention.

HIGH SCHOOL CADETS TO GATHER AT CAMP HOUSH.

THE cadet corps of the Los Angeles High School will go into camp next Monday near Covina for four days. About 150 cadets will train at the Pacific Electric depot Monday morning in a special trolley train, equipped in heavy marching order.

They will be in command of Cadet Major Edwin Holly, under the supervision of E. S. Oliver, the faculty instructor. Mrs. Clapper will be in charge of the commissary department.

## NEW FISH LAW NOT EFFECTIVE.

The Fish and Game Commission issues the following statement on the condition of the trout law at this date:

The new fish law signed by the Governor makes it lawful to take any and all kinds of trout from April 1 to November 1. The limit on steelhead is fifty fish during any one calendar day; the limit on other trout is fifty fish, or ten pounds and one fish, on any one calendar day. There is no limit as to size. This law as to the open season applies only to District No. 6, which includes Santa Barbara, Ventura, Los Angeles, Orange, San Diego, Imperial, Riverside, San Bernardino, and Inyo counties. The changes in game laws have not yet taken effect.

## LITTLE SPASM DEFEATS HITT.

BY GREY OLIVER.

Happy Hogan Trying to Start Something at Washington Park, just before the game, yesterday, when he discussed the rules with Umpire Hildebrand (on the left) and Capt. Sheehan of Portland (on the right.)

Portland, 2; Vernon, 1.

Hitt generally has about one bad inning, when anything is liable to happen, and yesterday it came as usual. The Beavers were laying for him from the start and when he began to slip all of them did their best to kick him in the head. He kicked himself, however, and that was all that was necessary for the Beavers to win.

It was the opening game for the Vernons on the local grounds and a good sized crowd of fans turned out to see how Hap Hogan would perform in his own town. Every day during the last week in San Francisco Hap had tried to bite an umpire's eye out and spit it on the ground. One-half of the fans at the game yesterday probably went to watch him eat Hildebrand, but they were fooled on this for Hap had luncheon before he went to the grounds.

Hap says that McCredie has only a fair team and that the Vernons will mash it into the dust. You might be able to believe that was true if Hap had started out to prove it by winning, but he didn't. He says the reason he didn't was because he could not get his men to sacrifice.

As a matter of fact, while some of them stood at the plate waiting for something to sacrifice on, Koestner fanned them. You cannot sacrifice and squeeze a man to the plate when you will not take a swipe at the ball. Patterson fanned three times with a man on base. Hitt did it once, and Hopp once. There is no telling what might have happened if Hogan could have forced his hired men to work as he wanted them to.

It might not have done any good for Koestner was in shape and held the locals to two hits. Carlisle walked and scored in the sixth and scored the only run for Vernon when Rose rapped the ball to right field. Carlisle was safe at the plate by about half an inch and only scored by the speediest running from second. He doubled over first in the eighth, but in the third when Patterson fanned for the third time. In addition to Carlisle, who scored, men got as far as third in four other innings, but Koestner was so good that he made them stick there.

The Beavers had a little better luck for they were smart enough to grab Hitt when things were bad in the second inning. He started this by working Sheehan. Rappa followed him a sacrifice and Kuhn with a double to left which scored Sheehan. Hitt contributed a wild pitch which put Kuhn on third. Peckinpaugh walked, and when he stole second Hopp dropped Hitt's throw, and when the ball rolled toward left field Kuhn scored the second run.

Hitt then settled down and behaved himself and the Beavers could not get another man across. Brown took

OFFICIAL NOTED.

Amateur Athletic Union Recognizes Horine's Jump As One of the Third Best in America.

[ASSOCIATED PRESS DAY REPORT.] NEW YORK, April 4.—James E. Sullivan, secretary of the Amateur Athletic Union has received official news from the Pacific Association that Edward Horine of Leland Stanford University won first place in the high jump in the dual meet between Stanford and Los Angeles with a leap of six feet, four inches.

Horine's six feet, four inches makes him the third man to clear such a height in this country, the former record being when W. E. Page, of the Manhattan Athletic Club made a similar record and Mike Sweeney's world's record jump of six feet, five and two-fifths inches.

Curtis Bernard will not appear with the Angels until they return from the Portland trip, but many join them in Portland if any of the men are injured before the team reaches there.

Kansas City Gets It.

AERO CLUB RETAINS ITS CONTROL FOR AMERICA.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, April 4.—The international balloon race will start from Kansas City October 2 under direction of the Aero Club of America. The National Council of the Aero Club of America is confirmed as the meeting today and ratified articles of agreement by which "the Aero Club of America is confirmed as the representative of America in the Federation Aeronautique Internationale and as such shall have the duty of representing the council in all international affairs.

In support of this paramouncy, the Aero Club obtains a majority membership in the contest committee, which must certify the world's records and takes full charge of events in which any international aviator is entered for competition in this country.

Kansas City was chosen as the starting place because of large grounds, more accessible to spectators and more convenient to the gas supply, which carried the day against Omaha, its closest competitor.

San Francisco was rejected as a seacoast city. St. Louis has had the race twice and no other city has had the race

## WAGNER'S FEET GREW BUNIONS.

(BY DIRECT WIRE TO THE TIMES.) LITTLE ROCK (Ark.) April 4.—[Exclusive Dispatch.] At last the secret is out and the mystery of the lost pennant by the Pittsburgh Pirates has been solved. It was all on account of Hans Wagner's bunions and had it not been for the bumps on the great short-stop's feet Chicago would not have battled with the Athletics for the world's championship last fall.

An Arkansas chiropodist has removed the last of four of the bunions from Hans's pedal extremities. For several years Wagner has been slowing up in his game.

"I never knew what ailed me," said Hans after the operation. "Until I went to the chiropodist."

BY GREY OLIVER.

## FINAL STRETCH FIERCE

San Diego Coast Road Fair Condition.

A.A.A. Sanction for Breaking Auto Run.

Long Beach May Be Included in Reliability Test.

BY BERT C. SMITH.

After a fast run of five hours the final stretch of "The Tire Lakeside automobile endurance" Cadillac "Thirty," with its driver at the wheel, reached Los Angeles early yesterday morning. Requests have been made by a number of automobile dealers and other Long Beach residents that the city would be included in the tour. This would send the fifty automobiles out of Santa Ana county boulevard to Long Beach cars would come back to the over a smooth highway.

One of the most strenuous ever planned for an automobile bility contest held under the a of the Automobile Association America has been outlined for fourth day of the tour. The road San Diego to Los Angeles is in good condition. By May 5, the four dates, the highways better still.

Leaving San Diego at 3 o'clock Cadillac was driven to Ocot forty-four miles away, in an fifty-five minutes. Adair made careful schedule and refused to at breakneck speed. He mapped the route carefully and ascertained just how fast the towns can be at a moderately fast pace. On will be the noon control for the day of the tour.

From San Diego to La Jolla road is almost perfect. Out of it is excellent until the Torrey grade is reached, twenty-two from San Diego. This grade but will be in better shape of tour. The cars drop down the to another smooth stretch of road to Oceanside.

STEARNS' BOG.

Out of Oceanside the drive to La Jolla mission is in fine shape cars may be able to take the boulevard, but the road through hills is in good shape. The boulevard is reached fifty-two from San Diego. The county highway has just been opened. It is a schedule of twenty miles an hour not too fast. Teams are work several places.

The road along the ocean from first class condition. The deep holes, where the Velle was bogged, where E. Roger Stearns and his spent the night in the mud a ago, has been repaired. The C went through on dry ground. thought the roads were excellent said a schedule of twenty miles an hour is reasonable.

There is a natural turnpike from Juan Capistrano, eighty-four from San Diego, to Santa Ana miles out. This highway has scrapped in places by a drag speed of sixty miles an hour maintained all the way. Of the tourers will not move so fast.

HARD RUN.

The schedule for the final day be ten hours. This will mean the time must be made over the roads. The cars will leave the side Inn at 6 o'clock in the m and at San Diego an official chetation will be established. From the cars will be sent out on a schedule for the home run.

"That final day's trip is one of the best ever laid out," said Adair yesterday. "Buits me perfectly for Cadillac. I have hopes of making a perfect score even with such a run for the last day. If I can go of Lakeside at 8 o'clock I can home in plenty of time to avoid lining my lamps and maintain a rule of twenty miles an hour all way. The Times tour is one of the finest ever routed for an endur run in the West."

HYLAND OUTFIGHT.

NEW YORK, April 4.—Young my Smith of Philadelphia, outch Dick Hyland, the California weight, in a ten-round bout here night.

Kansas City Gets It.

AERO CLUB RETAINS ITS CONTROL FOR AMERICA.

[ASSOCIATED PRESS NIGHT REPORT.]

Among the Western Delegates in attendance were Aero Club of California E. L. Jones (by proxy); Pacific Club, Israel Ludlow (by proxy).

# FACTS FEATURES AND FANCIES FOR WOMEN.

By Olive Gray

**DAILY BEAUTY HINTS:** Although the fashion of wearing false hair is diminishing to a certain extent, as to quantity—that which is worn is or should be of better quality than heretofore, for the reason it is not supposed to be frankly false, but to be "your very own." Other words the "put on" hair should exactly match your own. It is surprising, too, how much more refined the face looks, when offset by a good quality of hair.

**Outdoor living-room and dining-room** as attractive addition to a residence. The fact that the lady who built the house did much of the constructing the open-air quarters not detract from the interest. Further fact that these quarters were the better part of the year complimentary to our climate. The effect was selected and last-mentioned placed between the living and dining-room and vines were used to give a charming tropical air. The fireplace of rough stone—a real fire for use—adds luxuriousness to the room, and makes it habitable even quite chilly days. Furniture was a combination of garden and room comfort completes this outdoor spot.

**Violet Lady.** A story by this title, written by Florence Kingsley, in a current magazine the editor to explain that the story is to a certain extent a "violet lady." It is her custom to raise in her small garden in quantities of the beloved flower which she gives lavishly to those whom she loves. She has an opportunity to possess these delightful flowers in California, where flowers grow so thickly, this charming philanthropy will be put into effect. There are many who live in hotels, apartments, or who are shut within hospitals or sanitariums, who are denied the luxury of the garden as do those in more rigorous climates.

**Rugs.** Time is not long gone when rugs were a rare possession; and the fashion of the day was to have a few now-a-days, without a few such floor coverings. Oriental rugs show to best advantage when so placed in a room as to bring out the fine color of the carpet.

**Opening.** The opening of the handy girl is a new thing. Almost all of the women who are doing this kind of work are willing to pay for the service. This is the first time in the history of the world that a woman would count on the money she makes. When she gets her hand on the money she counts on the money she makes. When she gets her hand on the money she counts on the money she makes.

**Goodies.** The reliable stores is hold- ing the best lines of white goods. There is something inspiring in a clean, white bolt of goods—of lace or of cotton. A few ad- vances and a good sewing ma- chine with yourself and the goods and the machine, and things which are really worth- while.

**Knitting.** All the kinds of instantaneous "knitting" that you read about, said the "knitter" to the fruit jar with the "knitting" in it. I just saw the "knitting" that said "knitting" in it. I just saw the "knitting" that said "knitting" in it.

**Head Bands.** The head bands are the most popular of the season. They are made of all kinds of materials, and are worn in many different ways. They are made of all kinds of materials, and are worn in many different ways.

**White Chambray.** The white chambray is the most popular of the season. It is made of all kinds of materials, and is worn in many different ways. It is made of all kinds of materials, and is worn in many different ways.

**White Chambray.** The white chambray is the most popular of the season. It is made of all kinds of materials, and is worn in many different ways. It is made of all kinds of materials, and is worn in many different ways.

**White Chambray.** The white chambray is the most popular of the season. It is made of all kinds of materials, and is worn in many different ways. It is made of all kinds of materials, and is worn in many different ways.

them. Such plays as "The Girl from Rector's" and those of like ilk are quickly condemned. Mrs. Alice Moore McComas, who is now here spending several weeks, is a member of this club and has been commissioned by its directors to start a branch here to work in concert with the one in New York. I believe it is the plan to start a chain of these clubs in various cities throughout the United States to create sentiment for a better class of plays in our theaters. That the plan will meet with hearty co-operation in Los Angeles was abundantly demonstrated at the last meeting of the Ethel Club, when Mrs. P. G. Hubert presented resolutions thanking the prosecuting attorney in the name of the club women of the city, for suppressing the play recently offered at the Auditorium. The resolutions passed unanimously and amidst hearty applause from the crowd of women who filled the big auditorium of the clubhouse.

**Chain of Teas.** The Cahuenga Parent-Teachers' Association has hit on a novel plan for raising funds for the improvement of the school equipment and grounds. This is a new district, and the patrons are ambitious to make it one of the foremost in the city. Mrs. Johanna L. Harris originated the idea of a chain of teas as a way of raising money and at the same time a means of getting the members better acquainted with each other. The first tea was given at the home of Mrs. Harris, No. 234 Mariposa avenue, and was attended by Mrs. F. W. Crocker, president of the association; Walter T. Thompson, E. S. Williams, J. C. Brady, H. S. Stevenson, Leland H. Tuttle, Sule, Snowden, Wilds and Hogsbaum. Mrs. Amelia Calkins entertained the women with dramatic readings and simple refreshments were served. Other teas will follow in quick succession. This circle of energetic mothers are contemplating giving an evening entertainment on April 14 to afford the fathers a chance to help the good cause along.

**Confederacy for Charity.** The United Daughters of the Confederacy, to which organization some of the leading southern women of Los Angeles belong, plan to give a grand charity ball—the first they have given in four years—immediately after Easter, on April 18. The affair will come off at Kramer's, and every effort is being put forth to make it an event of unusual brilliancy. Mrs. W. T. Bartlett is chairman of arrangements and assisted by Misses Earl Ducommun, Harriet Purdon, J. B. Franklin, Fred George and Miss Workman; Mrs. J. T. Fitzgerald, Albert W. Stephens, Mrs. Clark, W. I. Hollingsworth, J. T. Fitzgerald, C. Q. Stanton, Charles O. Nourse, E. Earl, Cameron Erskine, Thos. W. P. Story, E. A. Story, C. Brand, Charles Wellborn and John Wolfkill.

**Council of Jewish Women.** The council of Jewish women will meet Thursday afternoon in the vestry rooms of B'nai B'rith Temple at Hope and Ninth streets. Mrs. Salzman will give an address on the Magna Charta and the Jews' contribution to it, and Miss Pearl Cohen will play a piano solo. Mrs. Benjamin Golan is president of the council, and Mrs. L. L. Edwards secretary.

**CALIFORNIA WOMEN AS SCHOOL OFFICERS.** BY ROSE L. ELLERBE. Next Friday, every school in the State, except those in cities of the first class, will elect one or more trustees. In a large number of districts, women are already serving as trustees, and have been doing so for many years. In 1872, the laws of the State were changed to permit women to hold school office and since that time they have served as school trustees and as county school superintendents, both elective offices.

**CASTORA**

The Kind You Have Always Bought  
Bears the Signature of Dr. J. C. Williams

**Keep Your Eye On Caruthers**  
The big land show is over today. Why not make a trip with us to Caruthers and let us show you the real thing in that good old loam soil with an abundance of canal water; which is just as essential in California as the land. The above is a demonstration of the fertility of our soil. For alfalfa and all kinds of deciduous fruits there is nothing better in the State. Only \$75 per acre including the water right. Our terms are most reasonable. There is plenty of activity at Caruthers. This locality must be seen to be appreciated. Excursions twice a week.

124 West 6th St., Los Angeles, Cal.

**Club Women Take a Hand.** A few years ago fifteen women interested in the stage assembled one afternoon at the New York hotel of one of the number to discuss the deplorable condition of the theater. In that so many unworkable plays were presented. The result of that meeting was the organization of the Century Theater Club, which today numbers 500 members of the leading women of New York. The purpose of this club is not to act as a censor over plays produced, but to condemn unworkable productions, stay away from them and influence others to do the same. The members make it their business to attend new plays and pass judgment on

VEIL ABOUT HER.**

Questions Fail to Break Reserve of Miss Paxton.

Strain of Silence Makes Its Imprint on Her.

Declines to Say Whether She Loves Literature.

A frail little woman garbed in a gray gingham gown of blue, hesitatingly of manner, and with a book pressed tightly to her face, crossed the threshold of the visitor's room in the woman's department of the County Jail, yesterday afternoon, in obedience to the

Miss Lillian Paxton, Lillian Ryan, Miss Mabel Edwards and Mrs. J. F. Flynn, the polygamist, held in the County Jail on a charge of deed-forgery and suspected of other get-rich-quick deceptions. Hitherto she has succeeded in keeping her face hidden.

remand of Matron Sheeli. It was this Paxton, the most peculiar woman that has ever been a prisoner at this institution.

She shuffled into the room noiselessly, with the book still in position as

she held it to the withering glances shot

at her by a number of newspaper men.

She looked furtively about, and

then she took up the book and hid

her face behind it. She was

seated at the bottom of the

cell, and she appeared the antithesis of

the woman who had been a prisoner

at this institution.

She looked up at the officers at

the door, and she looked down at

the book in her hands. She was

seated at the bottom of the cell, and

she appeared the antithesis of the

woman who had been a prisoner at

this institution.

**MUSIC AND STAGE.**

(Continued from Fifth Page.)

hires to such persistent and vigorous policy of daily practice and weekly performance, the Brahms Quintette of Los Angeles bids fair to attain the very first rank of this country's chamber music organizations.

In Germany, musicianship is measured by every known standard, and the supreme test of the craft is the three B's—Bach, Beethoven and Brahms. Mr. Ralph Wyle, the quintette's leader, has demonstrated his musical stature by masterful interpretations of all three. His conducting of the great Russian quartette last Saturday evening was most satisfying, and his interpretive breadth was shown in the same programme by the brilliant reading given the "Trout" quintette by Schubert.

The entire membership of the quintette did splendidly balanced and spontaneous work in Saturday's programme.

The soloist was Mrs. Mary LeGrande Read, who gave two songs by Tachakowski and Flegler. With a strong, full voice, Mrs. Read combines a finished musicianship.

**PARK TALK GETS HOT.**

East Hollywood Board of Trade Discusses Question of Entrance at the Head of Vermont Avenue.

A motion indicating the efforts of the Los Angeles Park Commission to secure a 200-foot entrance to Griffith Park at the head of Vermont avenue was the cause of heated discussion among members of the East Hollywood Board of Trade last evening and was immediately followed by another motion to table the first one.

The latter motion was voted down and the original one carried in the face of more or less personalities on the part of a few gentlemen who couldn't seem to agree exactly. The question under discussion is one which has excited residents of this district to the extent of two mass meetings and a number of informal meetings and so far has been voted down.

The action taken last week by the citizens of Hollywood, when the question of forming an assessment district for the purpose of obtaining an entrance to Griffith Park at the head of Western avenue, was enthusiastically carried, has renewed interest of the people of East Hollywood, who are in favor of forming an assessment district in this section for the purpose of gaining an entrance to the park on Vermont avenue.

It is probable that another mass meeting will be called and the results of the assessment placed before the people in a more comprehensive manner.

**CELEBRATED**

**GOLDEN WEDDING**

**PIONEER RESIDENTS END HALF**

**CENTURY OF MATHOMY.**

Met and Married in Michigan But Came to California Twenty Years Ago—Event Celebrating Anniversary Was of Circumstance With Beautifully Decorated Home.

**REDLANDS, April 4.**—Mr. and Mrs. Charles H. Hammond, prominent pioneer residents of Redlands, today celebrated their golden wedding and their anniversary between the hours of 3 and 5 they were at home to their friends at their home, 422 East State street.

Mr. Hammond is seventy-two years old, having been born in Batavia, N.Y., March 21, 1845, and Mrs. Hammond is 63 years old, having been born near Cleveland, O., September 8, 1852. Their parents later removed to Michigan, where they met and were married. After several years' residence there, also in Minnesota and Iowa, they came to Redlands twenty years ago, when the city was only a tiny hamlet. They have since made this city their home and recall many interesting incidents connected with the development of the place and of the country.

Mr. and Mrs. Hammond have several children, grandchildren and two great grandchildren. Their children are: Mrs. C. G. Deal of Three Rivers, Mich.; John Hagan of Three Rivers, Mich.; Marie, Ruth and Dorothy Hammond of Redlands; and the great grandchildren are John Gerald and Audrey Marie Hagan of Three Rivers, Mich. Mr. Hammond and his three little daughters, were able to be present at the celebration. Others present included cousins and dear old friends and neighbors.

In honor of the golden celebration, the rooms were graced with great quantities of California poppies and geraniums and to suggest the birthday fifty years ago, orange blossoms were mingled among the decorations. Refreshments were served by Mrs. H. H. Daniels and the Misses Hazel and Mabel Clark.

A number of guests were present from Los Angeles and San Bernardino and letters and cards of congratulation and kind wishes were received from different parts of the East.

**REDLANDS NOTES.**

Police Walter Thomas has been placed at the center of the intersection of Orange and State streets to direct the traffic, that being the most congested crossing in the city and many vehicles having recently been driven around close corners and accidents being only narrowly averted. Officer Thomas was on duty for the first time yesterday.

The annual meeting and election of officers of the Redlands Fire Department was held last night with the following results: President, J. V. Garth; chief, Ed Mosbaugh; assistant chief, S. E. Kanady; captain and financial secretary, Clark Levy; fire police, Charles Wilson, E. Schmidt, Finance Committee, T. Kathe, W. McNain and W. Huntington.

The Senior Class of the High School will present their annual play Friday night of this week, the play selected for this season being George Ade's "College Widow." Miss Mabel Duert is to play the title role. Tickets are on sale today and it is expected that there will be a full house.

**WOMAN WANDERS AFAR.**

**SAN BERNARDINO, April 4.**—An Italian woman, who wandered out on the desert from Barstow Sunday morning, was rescued fifteen miles south of here today. Constable Stuchberry trailed her on horseback and carried her several miles in his saddle to Cottonwood.

She was more dead than alive when found. A physician left Barstow today to render aid. The woman left the Santa Fe train at Barstow and being unable to speak the English language, wandered on the desert. She has a brother in San Francisco.

**BANK FINANCES  
IN GOOD SHAPE.**

Report of Examiner for the Territory Made.

Total Deposits Run Well Over Twenty Millions.

Spectacular Fire Guts Block in Heart of Phoenix.

(Special Correspondence of The Times.)

**PHOENIX (ARIZ.) April 3.**—The last report of Territorial Bank Comptroller George E. Maak shows reports from thirty-eight Territorial banks and thirteen national banks respectively, with aggregate totals of \$15,565,518 and \$2,728,000. At the head of the list is the Phoenix National Bank, with a total of \$2,162,210, and the Valley Bank of Phoenix, with a total of \$2,010,112. Outside of these in the million-dollar class are the Bank of Arizona at Prescott, Bank of Bisbee, Arizona Central at Flagstaff, Hills Valley Bank and Trust Company at Morenci, Consolidated National Bank, Tucson; National Bank of Arizona at Phoenix and Prescott National Bank. The aggregate of the Phoenix banks is \$3,955,275; Prescott, \$1,845,585; Tucson, \$2,964,908 and Bisbee, \$2,511,911. Phoenix deposits aggregate \$1,694,026; Prescott, \$2,767,179; Tucson, \$2,329,632 and Bisbee, \$2,157,732.

**SPECTACULAR FIRE.**

Possibly \$24,000 damage was done this afternoon by a spectacular fire, which gutted the Holmes business block on North First avenue and which for a time threatened buildings on either side, housing the Evening Bulletin and the Weather Bureau, with the large Fleming block within the danger zone. The upper rooms were occupied by lodgers, the ground floor by a butcher shop and a grocery and in the cellar were hams and bacon, owned by Swift and Company. The fire was a fierce one and spread dense. Both of the city's fire engines had to be brought into service before the safety of the city's business center could be assured. The building is owned by M. S. Gordon of Crescenta, Cal. His loss will be about \$12,000. The Farmers' Meat Market has lost about \$2000. W. T. Hudson, upper floor furnishings, \$2000; D. W. Williams and Company, grocers, \$1500; J. F. Barker and Company, commission merchants, \$1000, and Swift and Company, \$1000. Considerable damage was done beyond this by smoke and water in adjoining buildings.

**ARIZONA NOTES.**

According to a report just issued by Territorial Secretary George U. Young, the premiums collected by insurance companies within Arizona for the past year amounted to \$1,774,200. North of Florence last week the 3-year-old daughter of Lorenzo Nunes was killed from her seat on a heavy freight wagon, falling to her death under the wagon wheels. The mother of the child was on the wagon also.

Monday at Florence, Bernard Redmond was found dead in his bed at the home of his brother, City Marshal John Redmond. The coroner's jury found that death had come by means of criminal self-administration of cyanide, self-administered by Redmond was 25 years old and an assayer by profession. No cause whatever can be assigned for the deed. The sister resides in Santa Barbara, Cal.

William Longman of Florence died of pneumonia last Friday at the Sisters' Hospital in Florence. He was a resident of this valley since 1874, when he came to California. About fifteen years ago, he became insane, as a result of a blow on the head by a would-be assassin, and he has been under the care of the Territory ever since.

**EDITOR'S FEELINGS BRUISED.**

Former Owner of Parker Herald Brings Suit in Yuma Courts for \$101,000 Damages for Being Exiled.

(Special Correspondence of The Times.)

**YUMA (ARIZ.) April 2.**—About a year ago James J. Healy, then editor of the Parker Herald, was exiled some distance beyond the town limits of Parker and started toward Bouse, with the admission never to return. His own story is that he was drawn up on a telegraph pole a half dozen times and otherwise very badly treated and neighbors of the popular movement against Healy was that he had vilified in his paper an estimable Parker woman. Healy said it was all because he had exposed a scheme to grab town lots. As an aftermath of the affair, Healy had just filed suit in the District Court in Yuma county against thirty citizens of Parker for compensatory damages aggregating \$101,000. The Territorial and Federal authorities somehow have made poor headway in tracing Healy's assailants, and it is understood he has been appealed to the President of the United States for redress, but without result.

W. H. Shoney and A. D. Besley of the Yuma Examiner have been held for the grand jury in lieu of bail each on a charge of criminal libel preferred by Dist. Atty W. P. Timmons.

The late local option election at Parker, where the town went dry, has been declared invalid by the Board of Supervisors of Yuma county, on advice of the District Attorney, on the ground that the petition on which the election was called had been signed by a number of individuals whose names did not appear upon the Great Register of the county.

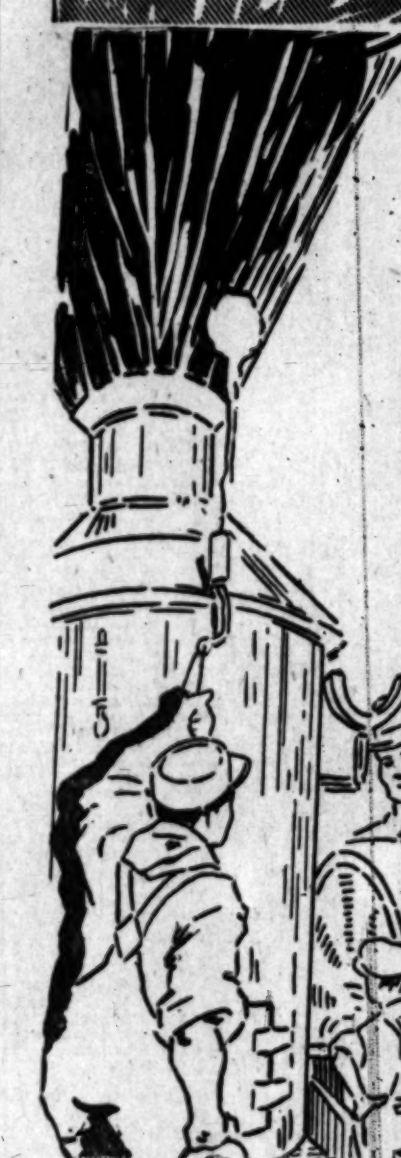

A curious condition has resulted from the late election for school trustees, Capt. C. B. Meeden and F. R. Ingle securing an unequal number of votes apiece. Neither sought the office and it is probable that one will resign in favor of the other.

Official notification has been received of the extension of the allotment of land on the Yuma Indian Reservation to ten acres to the individual. The original allotment, made on the basis of the Reclamation Service, was for only five acres.

The application of H. W. Blaisdell for a franchise for the Yuma Electric and Water Company has been withdrawn, as there was objection to the clause in the charter upon which the City Council granted the privilege of laying the street tunnel on traffic grade and the proposed Alameda-street storm sewer and laterals will be discussed.

**MAY CHANGE LONG NAME.**

The North, Northeast and Northwest Improvement Association will meet at 4 o'clock p.m. tomorrow in the Chamber of Commerce committee room. A change of name and enlarged scope of the association, the proposed First-street tunnel on traffic grade and the proposed Alameda-street storm sewer and laterals will be discussed.

**BANKS AND BUSINESS.**

Enormous Money Power Concentrated in New York.

The banking power of the United States is concentrated in New York. The extent of this power, while realized in a general way, is thoroughly established by an examination of the recent reports of the condition of the banks of that city. The total number of banks reporting was 296, of which 14 were national banks, 22 State banks, 44 trust companies, and 53 savings banks. The total capital of the 296 banks was given as \$299,385,000, with surplus and profits of \$469,498,574; loans and discounts of \$1,793,194,300; gross deposits of \$4,008,377,177, and total resources of \$14,609,514,100—nearly five billion dollars, a figure the magnitude of which the human mind does not easily grasp.

The failure of the Carnegie Trust Company of New York has caused the introduction into the Legislature of that state of a bill giving depositors the right to examine the books of all banking institutions in New York. The object of the measure is to prevent fraudulent and unsound investment of deposits. The bill permits the depositors to examine the books of all banks upon application by at least ten depositors representing \$10,000, each depositor having a daily balance of \$100 or more. If an investigation shows a banking institution to be weak and its securities are unsound, the depositors can cause its doors to be closed in order to prevent further plunder. At the present time depositors obtain their information regarding the strength or weakness of banks from the State Banking Department.

The increasing competition among banking institutions, because of the growing number, has made it necessary for various schemes to be resorted to for the solicitation of new business. The methods used are manifold, the most common being the employment of canvassers, who go from door to door seeking accounts, special quotations at prominent clubs in the large cities and obtain business through social intercourse, and, thirdly, advertising. In addition, there are three ways of "drumming" certain banks have methods of their own, property, \$107,070,131 on Queens real estate, The total is \$509,500,000.

\$26,867,000 loaned in Manhattan-Bronx, \$179,000,000 was from the National City Bank of New York, title and insurance companies. These figures were compiled from the Record and Guide reports. Enormous as the totals are, they are smaller than the totals for the previous year, being \$260,000 less in the case of Manhattan-Bronx. So far this year the mortgage loans are \$1,440,000 ahead of last year's record.

The vast sum of \$500,000,000 which New York City puts out every year on real estate mortgages exceeds the entire national debt of many countries. It exceeds the valuation of all the real estate in many States.

Over five hundred million dollars was the sum loaned last year on real estate in the four principal boroughs of New York City last year. Of this vast total \$265,867,000 was placed on Manhattan-Bronx property, \$107,070,131 on Queens real estate, The total is \$509,500,000.

Pauline Bronck, J. M. Noyes,

## Traffic Record.

## PRES MANY WANTING HANDS

## Industrial Agent Speaks of Mexico's West Coast.

## Great Field for Man With Capital, He Says.

## Well to Compete With Laborers There.

C. White of Guaymas, industrial agent of the West Coast, is a firm believer in the development of a great agricultural empire in the territory traversed by the transportation lines that he represents. There is no better field for agricultural development than in the territory covered by the 1150 miles of line controlled by the Southern Railway interests on the west coast of Mexico, said White last night. These lines tap the States of Sinaloa, Sonora, Jalisco and the Territory of Lower California. Twenty-seven streams crossing the coastal plain furnish an aggregate of 2,000,000 acres of irrigable land, much of which is rich alluvial capable of producing an infinite variety of profitable crops. The average rainfall increases in ten inches annually along the United States border to sixty inches at Tepic, the southernmost point reached by the railroads. The prospective homemaker has his choice in territory of dry farming, irrigated farming with normal rainfall, or raising season crops from June to July to early November. On the border mesa, or benchback of the river bottoms, is a vast acreage of rich land that will be much the same as the Morton school at the head of Main street, which was completed less than two years ago. In the case of the Morton school it was outgrown in less than a year and it is expected that the growth of the schools at the present time the new southside institution will be filled to capacity the day it is opened to the public.

WON'T LAST LONG. Evidently there are game and fish hogs in Porterville, if one may judge from the spectacle on Main street yesterday when two fishermen from the Visalia district drove to a prominent place on the highway and set a wagonload of catfish which had been taken from the Kings River. The fishermen stated that they had caught 1800 pounds of cat in less than twelve hours, with the use of electric net-lines each. These lines, they said, were set on the river bank and it was all they could do to take the fish and bait the hooks fast enough. Walter E. Wilson, the Deputy Game Warden here, telegraphed the facts to S. N. Ellis, the deputy for this district, and Ellis came down from Fresno to make an investigation. He stated that there is no law which prevents one from taking all the catfish one chooses, and that a net may even be used, provided one will leave at least one-third of the stream open. The only charge which could be brought against the men was that they had not taken out the fishermen's license, but in reply to this charge the fish merchants showed that they had made application for such license and had the money for the same on deposit.

## SUNDAY-SCHOOL PEOPLE ELECT.

Choose Officers for Tulare County Organization at a Meeting Held in Exeter This Week. EXETER, April 4.—The Sunday-school convention of the schools of Tulare county has been brought to an end here with the election of officers for the coming year. Rev. A. B. Baker, pastor of the Visalia church, presided at the meeting. The following were elected: President, W. C. McQuinn, Visalia; Vice-President, J. A. Pix of Dinuba was unanimously chosen to head the organization for the coming year. Other officers elected include Miss Lela Crookshanks, Exeter, secretary; Mrs. Carrie Fritz, Exeter, superintendent of the Visalia district; W. C. McQuinn, Visalia, superintendent of teaching work; with the following for vice-presidents: R. U. Heberling, Visalia; E. E. Patton, Exeter; C. M. Ross, Tulare; O. E. Palmer, Dinuba; A. P. Graybill, Exeter; Mrs. M. Slaughter, Porterville.

## Santa Fe Engine.

The Santa Fe Railroad has just completed the largest passenger locomotive in the world. It will be brought west by the big engine was built in the shops of the company at Topeka. It is a Mallet compound with a length of 121 ft. 7 in., and weighing 750,000 pounds. It will be put in service on the mountain grades in Arizona.

## Passing of Conductor.

John Crowley, a veteran railroad conductor in the employ of the Southern Pacific, was buried in Evergreen cemetery yesterday. Crowley died suddenly on board his train at San Luis Obispo Sunday while on his regular run. He was 54 years old. He leaves a widow and two children.

## Tell Old Tales Again.

Harry E. Sparks of Columbia, general superintendent of the Ohio Central Railroad, was exchanging reminiscences with General J. J. Jager Agent of the Santa Fe Railroad yesterday. Sparks and Jager were formerly associated on the same railroad.

## Many Passengers East.

Because of the rush of passenger traffic East the Santa Fe California Limited was run in two sections out of Los Angeles yesterday. The train carried 25 passengers, 21 for Kansas City, 23 for points east of Kansas City, and 23 for the Grand Canyon.

## Here From Salt Lake.

D. S. Spencer, assistant general passenger agent of the Oregon Short Line at Salt Lake City, is spending a few days in Los Angeles.

## LONG SEPARATION ENDS.

Brothers Thirty-two Years Parted Meet in This City—Traveling Man Establishes Communication. Wonderful memory of names once heard, on the part of a traveling salesman, brought together two brothers yesterday at the Van Nuys, who had been separated thirty-two years without knowledge of each other's whereabouts or even that one or the other was still alive.

Several days ago James Manning registered from Cincinnati. He came here for the express purpose of visiting Ferdinand Manning, who has been passing the winter in California. The latter's home is in York, Pa.

According to the story, James Manning was talking to a traveling salesman one day. The conversation turned to pines, and the salesman incidentally mentioned that he had met a man

story in that State. Just where it was located I couldn't say," remarked the traveling salesman. "When I return in about two months I'll give you details," he assured the Cincinnati man, who had started to show his anxiety when a description of the other man was given, which in a slight measure tallied with his own idea of his brother. Through this means the two brothers met yesterday and the reunion was not lacking in warmth. They lost their parents while small children, and the result that they were adopted by relatives. Ferdinand at the age of 17, ran away from his home. His older brother James had been left the home town in Ohio. Ferdinand and started out to see the world for himself. Both men are now planning to pass the remainder of their lives together with their families in California.

## APPORTIONMENT UNDER NEW LAW.

WORKING OF LATEST PLAN PROVES SATISFACTORY. Appropriations for Schools Are Fixed on the Basis of Daily Attendance Instead of the Census Taken by Specially Appointed School Marshals.

PORTERVILLE, April 4.—Officials of the Board of Education of this city are most pleased with the workings of the new school law, which places the appropriation of school money on the basis of average daily attendance, rather than upon the census taken by specially appointed marshals, for although the law is new, it has already been the effect of the addition of two teachers to the force of the grammar schools here, making a total of sixteen teachers in that department. From the present indications, the history of the new concrete school building, which is now being erected to serve the southern residence district, will be much the same as was the Morton school at the head of Main street, which was completed less than two years ago. In the case of the Morton school it was outgrown in less than a year and it is expected that the growth of the schools at the present time the new southside institution will be filled to capacity the day it is opened to the public.

WALTER E. WILSON, the Deputy Game Warden here, telegraphed the facts to S. N. Ellis, the deputy for this district, and Ellis came down from Fresno to make an investigation. He stated that there is no law which prevents one from taking all the catfish one chooses, and that a net may even be used, provided one will leave at least one-third of the stream open. The only charge which could be brought against the men was that they had not taken out the fishermen's license, but in reply to this charge the fish merchants showed that they had made application for such license and had the money for the same on deposit.

## SUNDAY-SCHOOL PEOPLE ELECT.

Choose Officers for Tulare County Organization at a Meeting Held in Exeter This Week. EXETER, April 4.—The Sunday-school convention of the schools of Tulare county has been brought to an end here with the election of officers for the coming year. Rev. A. B. Baker, pastor of the Visalia church, presided at the meeting. The following were elected: President, W. C. McQuinn, Visalia; Vice-President, J. A. ## FURSE PLETHORA.

O. Scribner, assistant general manager of the company, this afternoon announced the business meeting was merely to elect officers for the ensuing term, and that this had been done by the re-election of the Associated. Mr. Scribner said the meeting transacted no business whatever bearing upon it.

It is known that negotiations have been carried on to dispose of the stock, but with what result is not known.

## EIGHT FIGURES FOR GOOD ROADS.

SEVENTEEN SUPERVISORS AND EIGHTEEN MILLIONS. Official Directorate of All Southern Counties to Confer Here Today on How to Best Spend the State Highway Fund—Auto Club to Ask for Scenic Drive.

This morning at 10:30 o'clock Supervisors from all of the counties in the State south of Kern county will meet in the Chamber of Commerce and take the first step toward expending that portion of the \$18,000,000 State fund for good roads that will come to Southern California. Seventeen supervisors are expected.

There is little idea as yet as to what will be done. The Supervisors of Ventura county visited Secretary Frank Wiggins of the Chamber of Commerce a few weeks ago and asked for information as to what Los Angeles county expected to do. They were referred to the Board of County Supervisors. The latter suggested that all of the Supervisors of the southern portion of the State meet here and decide upon some definite plan of action.

Representatives of the Automobile Club of Southern California will be present at the meeting, and it is understood that the only definite proposition will come from the club.

It is understood that the club will advocate the construction of a great scenic highway running from the end of Wilshire boulevard at Santa Monica north along the coast through the Malibu ranch and direct to Santa Barbara. The scenic route is one that requires the least amount of grading. It travels through the interior of the State for the greater portion of its length and gives but little idea of the beautiful coast country, and this argument is being put up against it by the automobile club.

The Chamber of Commerce will give a luncheon to the visiting Supervisors at the Alexandria at noon today.

## PAVING FOR CANDIDACY.

Governor of New Jersey to Visit Los Angeles As a Part of a Coming Out Campaign for Presidency. Gov. Woodrow Wilson of New Jersey will be in this city several days about the middle of May, according to information which was received by Attorney Lynn Helm yesterday.

Three times in the course of his stay and will thus afford everybody who cares to listen to him a chance to hear his speeches.

His first attention will be given to the school children to whom he loves to speak. If he can be said to have a hobby, it is on education.

The Governor's visit to Los Angeles will be a part of a tour which will be the first step toward laying a foundation for the Presidential chair. He will stop at Denver, San Francisco, Seattle and Minneapolis.

His admirers are planning to be prepared to give him encouragement in his ambition. They will hold a meeting tomorrow evening at the Hollenbeck hotel for this purpose. At that time a Woodrow Wilson Club will be formed.

His first appearance will be at Temple Auditorium. Only the teachers and the children of the upper classes will be given admission. A public meeting will be held at the same place on the following day. He will appear before the City Club at the weekly dinner.

The Princeton Club will claim part of the Governor's attention. Other organizations are also planning to entertain him.

According to the word from the East, whenever he touches upon political subjects in any speech, he will remain non-partisan and will deal with such topics from the broadest possible view.

New Mexico Woman Saves Baby by Running Jump Which Breaks Back of Monster Feline About to Leap. (Associated Press Day Report.) ALBUQUERQUE (N. M.) April 4.—The man who fights wildcats with his bare hands took a back seat yesterday when Mrs. Samuel Edwards of Mountain Air killed a big bobcat with her two feet. She discovered the animal in her farm yard where her little baby was at play. Unarmed, she took a running jump at the beast, landing squarely on its back and breaking its spine.

That delicious beverage which surpasses all others in taste and medicinal benefits. For the past twelve years our sole product has been the manufacturing of the famous Bouvier Buchu Gin whose constantly increasing sale has compelled us to enlarge our facilities until we now occupy the largest and most up-to-date plant in the United States.

Bouvier's Buchu Gin is not a patent medicine. It is an ideal drink for all who need a tonic or are suffering from Kidney and Bladder trouble. It is put up in strict conformity with the Pharmacopoeia formula laid down by the National Pure Food and Drug Act. Bouvier's Buchu Gin is made of the finest Gin distilled and selected Buchu, all the nauseating features of the Buchu leaf being eliminated.

Bouvier's Buchu Gin knows the world over is strongly recommended by leading Physicians as a remedial agent for those who suffer from this disease. It is a boon to railroad and street car men who, on account of their vocation, complain so generally with painful and uncomfortable feeling in the back and lastly to every one sick or well who desire an excellent tonic and a healthful and beneficial drink.

Be sure and ask for Bouvier's Buchu Gin the original. Beware of imitations.
